

City of Cadillac

0 150 300 600 Feet

Welcome to downtown Cadillac! For your convenience, all public parking areas are indicated on the map. Note that nearly all on-street parking spaces are limited to **two-hour use**. However, ample parking is also available in the various public lots for day-long and overnight use. The dotted parking areas indicate day-long parking. These lots can also be used for overnight parking during the summer months. The striped areas indicate day-long/overnight parking areas year round.

During the winter months, from November 15 - April 15, if you park overnight, it must be in one of the permit parking lots (indicated by stripes), in the rows specifically designated. An overnight parking permit must also be displayed.

Overnight parking permits are available at the Municipal Complex, 200 N. Lake Street, for \$6.50 per week, \$22 per month, or \$82 for the entire season. Any questions regarding downtown parking can be directed to John Wallace - DDA Director, or Fran Wallbank - Clerk's Dept., at 775-0181.

Between 2:30 AM & 6:30 AM:

*Your vehicle must not be parked on the street

*Your vehicle must be in an appropriate overnight parking space
