I (we) affirm that the above information is accurate and that I (we) will conduct the above described earth change in accordance with Part 91, Soil Erosion and Sedimentation Control, of the Natural Resource and Environmental Protection Act, 1994 PA 451, as amended, applicable local ordinances, and the documents accompanying this application.

Landowner's Signature (required) Print Name Date

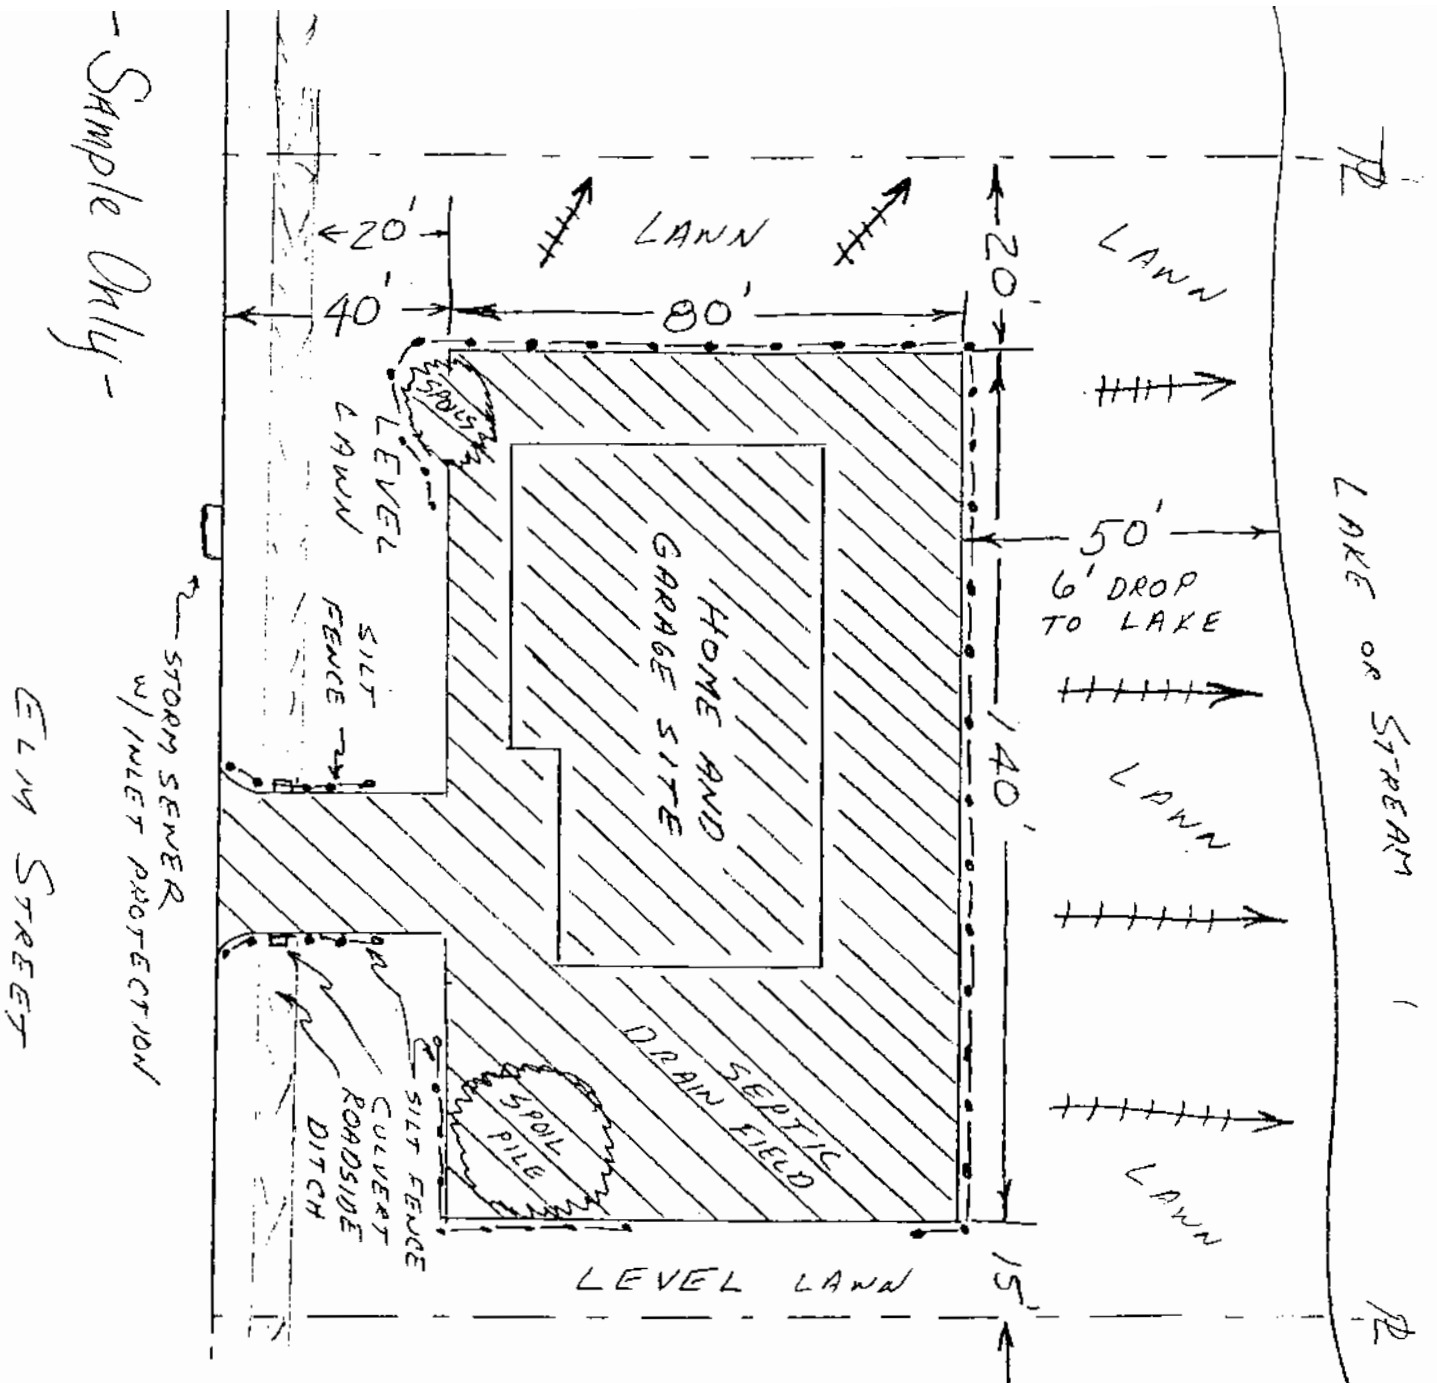

Designated Agent's Signature* Print Name Date

*Designated agent must have a written statement from landowner authorizing him/her to secure a permit in the landowner's name.

PERMIT PROCEDURES:

In accordance with Act 451, Part 91 of 1994 and its corresponding General Rules, the undersigned herewith makes application for a permit to undertake a proposed earth change. Permit requirements will be as follows:

- (1) The application for a permit shall be submitted to the City of Cadillac by a person proposing to undertake an earth change. In land development, the application shall be submitted by the land owner or his authorized agent, whoever is responsible for the earth change.
- (2) The application shall be accompanied by a soil erosion and sedimentation control plan and any other document which the City Engineer's Office may require.
- (3) Provide a site plan at a scale of not more than 200' to the inch. Include property address, legal description, predominant land features and areas of earth change and stockpiles.
- (4) List the amount of soil to be removed and/or deposited.
- (5) List the route which the applicant proposes to use to transport soil.
- (6) Illustrate on the site plan contour intervals (minimum 20'), existing and proposed on-site drainage facilities and a description and location of all temporary or permanent soil erosion control measures, i.e., culverts, basins, silt fences, etc.
- (7) Provide a program of timing and continued maintenance of all permanent erosion control facilities.
- (8) Describe method and materials for site restoration.
- (9) The appropriate enforcing agency shall approve, disapprove or require modification of an application for an earth change permit within 30 calendar days following receipt of the application. If disapproved, the City of Cadillac shall advise the applicant by certified mail of its reasons for disapproval and conditions required for approval.
- (10) The permit shall be available on the site of the earth change for inspection.
- (11) Upon a determination that an applicant has met all the requirements of these rules, Act 451, Part 91 of 1994 and promulgated rules and local ordinance, a permit for the proposed earth change will be issued.
