Motion unanimously approved.

CITY MANAGER'S REPORT

A. Bids and recommendation regarding Proposed Bath House – Kenwood Park.

Peccia noted eight (8) bids were received for the project. He noted Orshal Construction is a 'Surrounding Area' vendor in accordance with Section 2-302 of the Cadillac City Code related to Local Vendors. He added it is being recommended to award the contract to Orshal Construction in the amount of \$173,500 and to approve a 5% contingency in construction quantities or scope for a total award of \$182,175. He stated the City was awarded a grant from the Michigan Department of Natural Resources that will cover \$80,000 of the costs of

the project.

2018-088 Award contract for Bath House – Kenwood Park.

Motion was made by Spoelman and supported by Schippers to award the contract for the construction of a new bath house to Orshal Construction in the amount of \$173,500 and approve a 5% contingency in construction quantities or scope for a total award of \$182,175.

Motion unanimously approved.

C. Bids and recommendation regarding Alley Concrete Paving.

Peccia stated the alley project was requested by property owners abutting the alley. He noted it is being recommended to award the contract to Schepers Concrete Construction, LLC in the amount of \$27,584.48 and to approve a 10% contingency for City engineer-approved field changes in unit quantity or scope for a total award of \$30,342.93. He stated costs of the project will be assessed evenly among the seven (7) properties and repaid to the City over a 10-year period.

Spoelman noted the cost came in higher than was estimated. She asked if the property owners are in still in support of the project.

Roberts stated the City is planning to withhold the notice to proceed until the property owners have been contacted. He noted some of the costs are the responsibility of the City such as sidewalk approaches which will help minimize some of the overage.

Schippers asked what will happen if the property owners are not in favor of the project due to the increased cost.

Roberts stated the project will be cancelled.

2018-090 Award contract for Alley Concrete Paving.

Motion was made by Schippers and supported by Spoelman to award the contract for the Alley Concrete Paving to Schepers Concrete Construction, LLC in the amount of \$27,584.48 and approve a 10%

INTRODUCTION OF ORDINANCES AND RESOLUTIONS

A. Adopt resolution to introduce Ordinance Establishing General Appropriations Act for Fiscal Year 2019 and set a public hearing for May 21, 2018.

2018-092 Set public hearing for Ordinance 2018-06.

Motion was made by King and supported by Engels to adopt the resolution to introduce Ordinance Establishing General Appropriations Act for Fiscal Year 2019 and set a public hearing for May 21, 2018.

Motion unanimously approved.

ADOPTION OF ORDINANCES AND RESOLUTIONS

A. Adopt Resolution Authorizing MDEQ Brownfield Grant/Loan Application for Cadillac Lofts Redevelopment.

Eric Hanna, CEO of Michigan Community Capital, introduced Dean DeKryger, DK Design Group. He noted Michigan Community Capital is a 501(c)(3) public charity. He stated it has been in business since 2005 and has completed nearly \$200 million worth of urban and rural redevelopment projects using a variety of state, federal, and private sector tools.

Hanna stated the Cadillac Lofts project will redevelop the former Oleson site. He noted the plan is for approximately fifty (50) apartment units as well as almost 13,000 square feet of retail space.

Dean DeKryger, DK Design Group, stated they are very excited and grateful to be part of the project. He noted it will add housing for young professionals and others with housing needs. He stated it will have a positive impact on pedestrian and vehicular traffic in the downtown area.

Mac McClelland, Otwell Mawby, stated the City has received preliminary approval from the MDEQ for a \$223,000 grant and a \$543,140 loan for this project. He noted they are planning to prepare a brownfield plan for this project so the increased tax revenues will be able to repay the loan. He stated that as part of the application process the MDEQ requires a resolution from the governing body verifying that the project will be undertaken if funding is awarded, and that the development is consistent with local development and redevelopment plans and zoning ordinances. He added the resolution must also indicate that the applicant, the Cadillac Brownfield Redevelopment Authority, is willing to accept a loan in this amount and that the City Council must commit to repayment of the loan.

McClelland stated the Dollar General project and the Chemical Bank project also received brownfield loans. He noted there will be a Development and Reimbursement Agreement executed between Cadillac Lofts, LLC, the City of Cadillac, and the Cadillac Brownfield Redevelopment Authority that will outline the terms and conditions for Brownfield funding.

2018-093 Adopt Resolution Authorizing MDEQ Brownfield Grant/Loan Application for Cadillac Lofts Redevelopment.

Motion was made by King and supported by Schippers to adopt the resolution Authorizing the MDEQ Brownfield Grant/Loan Application for Cadillac Lofts Redevelopment.

Motion unanimously approved.

B. Adopt Resolution for Combined Brownfield Plan for the Raven Redevelopment and set a public hearing for May 21, 2018.

Peccia stated Council is being asked to set a public hearing for May 21, 2018 for the Raven Redevelopment project and for the Cadillac Ace Hardware Redevelopment project.

<u>2018-094 Set public hearing for Combined Brownfield Plan for the Raven Redevelopment</u>. Motion was made by Spoelman and supported by King to adopt the Resolution for Combined Brownfield Plan for the Raven Redevelopment and set a public hearing for May 21, 2018.

Motion unanimously approved.

C. Adopt Resolution for Combined Brownfield Plan for the Cadillac Ace Hardware Redevelopment and set a public hearing for May 21, 2018.

King asked to be recused for the reason stated at a prior meeting which was as follows:

King noted the owner of the property seeking the zoning change is not connected to his law firm but the individual purchasing the property who will benefit from a zoning change is a client of his law firm so he is requesting to be recused from the vote.

2018-095 Recuse Council Member King.

Motion was made by Schippers and supported by Engels to recuse Council Member King from this item.

Motion unanimously approved.

2018-096 Set public hearing for Combined Brownfield Plan for the Cadillac Ace Hardware Redevelopment.

Motion was made by Engels and supported by Schippers to adopt the Resolution for Combined Brownfield Plan for the Cadillac Ace Hardware Redevelopment and set a public hearing for May 21, 2018.

Motion unanimously approved.

SET PUBLIC HEARING REGARDING CADILLAC LOFTS, LLC REZONING APPLICATION AND SKETCH PLAN

Peccia noted the Planning Commission unanimously recommended that the rezoning application and the sketch plan move forward for consideration by the City Council. He stated it is a preliminary sketch plan and if approved by the City Council the item will go back to the Planning Commission. He added the Planning Commission will review the final site plan once it has been submitted by the developers.

Mayor Filkins mentioned the presentation at the Planning Commission meeting. She stated she felt the Planning Commission did an excellent job of asking all of the right questions.

Peccia stated the exact timing of the development is unknown at this time.

Peccia stated the rezoning applies the Mixed-Use Planned Unit Development (M-PUD) Zoning District to this property. He noted submittal of the preliminary sketch plan allows the Planning Commission and the City Council to review the concept of the development.

2018-100 Set public hearing for Ordinance 2018-07.

Council Communication

RE: Raven Redevelopment and Lakeside Ace Hardware Combined Brownfield Plans

Two exciting redevelopment projects are underway in the City of Cadillac, and have been proposed for consideration of Brownfield Plans. The approval of the Brownfield Plan, and Act 381 Work Plan for State approval, will allow for capture by the Cadillac Brownfield Redevelopment Authority of increased incremental taxes generated by additional private investment to reimburse certain Brownfield Eligible Activities for both the Rayen Restaurant and the Lakeside Ace Hardware establishments.

The proposed Brownfield process is the same for both projects, and the following is a brief description of each project and of the Brownfield approval process.

Raven Restaurant: The Freibergs acquired the downtown property at 119 S. Mitchell Street and has undergone significant work to remodel the building to open the Raven restaurant.

Brownfield Eligible Activities include environmental due diligence, selective demolition, and relocation of active utilities. Estimated private investment is estimated at \$1 million and capture is anticipated for five-years, with an additional five-years for the Local Brownfield Fund.

Lakeside Ace Hardware: Mr. Gilde is acquiring the former Hostess facility at 834 and 836 N. Mitchell Street for development of the Cadillac Ace Hardware.

Brownfield Eligible Activities include environmental due diligence, lead and asbestos abatement, and selective building demolition. Estimated private investment is estimated at \$600,000 and capture is anticipated for eleven-years, with an additional five-years for the Local Brownfield Fund.

City Assessor Joe Porterfield, a Level IV assessor, has inspected the both buildings and has determined that the buildings are functionally obsolete due to deteriorated conditions, code compliance, accessibility, and outdated utilities and has prepared an Affidavit of Functional Obsolescence, as required by Act 381 which qualifies the sites as Brownfield Eligible Property.

Recent amendments to Act 381 provide for the combination of a Brownfield Plan and an Act 381 Work Plan for State tax capture into a Combined Brownfield Plan, and a Combined Brownfield Plan has been prepared for each project to facilitate the development by reimbursing environmental and non-environmental costs through the capture by the Cadillac Brownfield Redevelopment Authority of increased taxes generated by the increased private investment.

The proposed Combined Brownfield Plans were reviewed and approved by the Cadillac Brownfield Redevelopment Authority at their April 16, 2018 meeting. The Combined Brownfield Plans will also be presented for approval of State Tax Capture the Michigan Strategic Fund for Non-Environmental Eligible Activities. Environmental due diligence activities, including the Phase I Environmental Site Assessment, are automatically approved for State tax capture with the approval of the Combined Brownfield Plan. As an aside, school debt is exempt from capture.

As part of the approval process, Act 381 requires that a public hearing be held by the governing body to consider public input on the Combined Brownfield Plans.

The following is a proposed schedule for considering the Brownfield Plans:

Action	Entity	Date
Approve Combined Brownfield Plans	CCBRA	April 16, 2018
Approve Resolutions to Establish Public Hearings	City Council	April 16, 2018
Publish Notices of Public Hearings and to Taxing Jurisdictions	CCBRA	April 26, 2018
Hold Public Hearing	City Council	May 21, 2018
Approve Combined Brownfield Plans	City Council	May 21, 2018

RECOMMENDATION:

Adopt the Resolution Approving Combined Brownfield Plan Raven Redevelopment and the Resolution Approving Combined Brownfield Plan Lakeside Ace Hardware.

RESOLUTION NO. _____

Resolution Approving Combined Brownfield Plan Raven Redevelopment

At a regular meeting of the Cadillac City Council held at Cadillac City Hall, 200 North Lake Street, Cadillac, Michigan on May 21, 2018, at 6:00 p.m., the following resolution was offered by

Councilperson	and supported by
Councilperson	

Whereas, the Michigan Brownfield Redevelopment Financing Act, Act 381, P.A. 1996 as amended ("Act 381"), authorizes municipalities to create a brownfield redevelopment authority to promote the revitalization, redevelopment, and reuse of contaminated, blighted, functionally obsolete, or historically designated property through tax increment financing of eligible activities approved in a Brownfield Plan; and

Whereas, the City Council established the Cadillac Brownfield Redevelopment Authority ("CBRA") under the procedures in Act 381 on December 6, 1996 to facilitate the redevelopment of Brownfields within the City of Cadillac; and,

WHEREAS, Act 381 was recently amended to provide for Combined Brownfield Plans that combine the elements of a Brownfield Plan (which identifies the Brownfield Eligible Property and Activities and estimates the impacts to taxing jurisdictions, among other items) with the elements of an Act 381 Work Plan (which details the proposed project, the specific eligible activities that will be undertaken to alleviate Brownfield conditions, and the costs and time frame of the project, and which is necessary for state tax capture approval); and

WHEREAS, the City understands that certain property located at 412 S. Mitchell Street ("Raven Redevelopment") qualifies as a Brownfield Eligible Property and that the owner intends to undertake various Brownfield Eligible Activities, including environmental due diligence, lead and asbestos abatement, selective demolition and infrastructure improvements to redevelop the property; and

WHEREAS, a Combined Brownfield Plan was submitted for the Raven Redevelopment that: (1) establishes the property at 412 S. Mitchell Street as Eligible Property, (2) outlines Environmental and Non-Environmental Eligible Activities, and (3) provide for the capture by

City of Cadillac Resolution No. ___ Page 2 of 3

the CBRA of future increased incremental taxes generated by increased private investment on the property for reimbursement of the Eligible Activity expenses; and

Whereas, on April 16, 2018, the CBRA reviewed and approved the Combined Brownfield Plan and recommended approval to the City Council, and

Whereas, the City Council has determined that the Combined Brownfield Plan meets the requirements of Act 381 and constitutes a public purpose of job creation, increased private investment and economic development, and increased property tax value; and

Whereas, a public hearing on the Combined Brownfield Plan has been noticed and held on May 21, 2018 and notices to taxing jurisdictions have been provided in compliance with the requirements of Act 381; and

Whereas, the City Council has reviewed the Combined Brownfield Plan and finds, in accordance with the requirements of Section 14 of Act 381 that:

- (a) The Combined Brownfield Plan meets the requirements of Section 13 of Act 381, Brownfield Plan Provisions as described in the Combined Brownfield Plan, consistent with format recommended by the State of Michigan, including a description of the costs intended to be paid with tax increment revenues, a brief summary of eligible activities, estimate of captured taxable value and tax increment revenues, method of financing, maximum amount of indebtedness, beginning date and duration of capture, estimate of impact on taxing jurisdictions, legal description of eligible property, estimates of persons residing on the eligible property if applicable, and a plan and provisions for relocation of residents, if applicable.;
- (b) The proposed method of financing the costs of eligible activities, private financing arranged by Raven, the property owner, is feasible and that the Authority will not arrange financing, as described in Section 3.2 of the Combined Brownfield Plan;
- (c) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381, including complying with environmental due diligence and due care requirements, meeting regulatory requirements for lead and asbestos abatement prior to demolition, demolition is necessary to provide for the installation of new equipment and building remodeling for modernization and expansion, and the cost estimates are based on evaluation from certified professionals, experience in comparable projects, and preliminary discussions with reputable companies, as described in Section 2.2 of the Combined Brownfield Plan; and
- (d) The amount of captured taxable value estimated from the adoption of the Combined Brownfield Plan is reasonable, as calculated in Table 2 of the Combined Brownfield Plan, based on calculations of the tax revenues derived from taxable value increases and millage rates approved and authorized by the taxing jurisdictions on an annualized basis and balances against the outstanding eligible activity obligation approved as part of the Combined Brownfield Plan

and expenses reviewed and approved by the Cadillac Brownfield Redevelopment Authority.

Now, Therefore, the City Council of the City of Cadillac, Wexford County, Michigan resolves as follows:

- 1. Pursuant to the Brownfield Redevelopment Financing Act, Act 381 of the Public Acts of 1996, as amended, being MCL 125.2651, *et seq*, the Cadillac City Council hereby approves the Raven Redevelopment Combined Brownfield Plan in Cadillac.
- 2. Should any section, clause or phrase of this Resolution be declared by the courts to be invalid, the same shall not affect the validity of this Resolution as a whole nor any part thereof, other than the part so declared to be invalid.
- 3. Any prior resolution, or any part thereof, in conflict with any of the provisions of this Resolution is hereby repealed, but only to the extent necessary to give this Resolution full force and effect.

PROJECT SUMMARY

The Freibergs acquired the downtown property at 119 S. Mitchell Street and have undertaken significant work to remodel the building to open the Raven restaurant. The private investment is estimated at \$935,000 and the Raven is anticipated to create 15 - 20 jobs.

There are significant extraordinary and unanticipated cost associated with the redevelopment that are appropriate for Brownfield Tax Increment Financing (TIF).

Brownfield Eligible Activities include environmental due diligence, selective building demolition, and site preparation to relocate active utilities.

The redevelopment is consistent with the City of Cadillac Master Plan and zoning ordinance. Initial work is anticipated to begin in Summer 2018, with tax increment capture beginning in 2019.

ACT 381 COMBINED BROWNFIELD PLAN TO CONDUCT ELIGIBLE MDEQ ENVIRONMENTAL AND MSF NON-ENVIRONMENTAL ELIGIBLE ACTIVITIES

Raven Redevelopment

Revised: May 16, 2018

UNDER THE AUTHORITY OF THE BROWNFIELD REDEVELOPMENT FINANCING ACT, 1996 PA 381, AS AMENDED

1.0 INTRODUCTION

The Cadillac Brownfield Redevelopment Authority ("CBRA") is submitting this Act 381 Combined Brownfield Plan for MDEQ Environmental and MSF Non-Environmental Eligible Activities for the proposed Former Better Bodies Property in the City of Cadillac, Wexford County, Michigan (herein referred to as the "Eligible Property").

This Combined Brownfield Plan is submitted under the auspices of Act 381, P.A. 1996, as amended.

1.1 PROPOSED REDEVELOPMENT AND FUTURE USE - MCL 125.2663(1)(A)

The proposed project includes the redevelopment of the building and property at 119 S. Mitchell, including selective demolition, relocation of active utilities, and remodeling into the Raven restaurant.

The estimated investment is \$935,000.

1.2 ELIGIBLE PROPERTY INFORMATION - MCL 125.2663(1)(h)

1.2.1 **Property Eligibility and Location**

Property Eligibility – Clifford (Joe) Porterfield, City of Cadillac Assessor (Level IV) has determined that the property is functionally obsolete, as defined by Act 381, P.A 1996 as amended. An Affidavit of Functional Obsolescence is included in the Combined Brownfield Plan. As a result, the property qualifies as Eligible Property under Act 381.

Location - The Eligible Property is located at 119 S. Mitchell Street in Cadillac with Parcel Identification Number 10-086-00-178-00 with a total area of approximately 0.16 acres, with one building.

The legal description of the parcel is provided below. A Project Location Map and Eligible Property Map are included in the Appendix as Figures 1 and 2, respectively.

Site Name Parcel Legal Description
119 S. Mitchell 10-086-00-178-00 LOT 2 OF BLOCK 6 OF MITCHELL'S REVI

LOT 2 OF BLOCK 6 OF MITCHELL'S REVISED PLAT OF THE VILLAGE OF CLAM LAKE, EXCEPT COMMENCING 25 FEET NORTH OF THE SOUTHEAST CORNER OF LOT 2, THENCE SOUTH 25 FEET THENCE WEST 17 FEET ALONG THE SOUTH LINE OF LOT 2, THENCE NORTHERLY TO THE POINT OF BEGINNING, CITY OF CADILLAC, SECTION 4, T21N, R9W, WEXFORD COUNTY, MICHIGAN

Personal Property is included as part of the Eligible Property, with incremental increases over Initial Taxable Value subject to capture under this Combined Brownfield Plan.

Raven Redevelopment

Revised: May 16, 2018

1.2.2 **Current Ownership**

The Eligible Property is owned by Freiberg Holdings, LLC.

1.2.3 **Proposed Future Ownership**

The Eligible Property will remain owned by Freiberg Holdings, LLC.

1.2.4 <u>Delinquent Taxes, Interest & Penalties</u>

There are currently no delinquent taxes, interest or penalties due on the subject property.

1.2.5 Existing & Proposed Future Zoning for Eligible Property

The property is zoned General Business District (B-3), and governed by the provisions of the City of Cadillac Zoning Ordinance.

1.3 HISTORICAL, PREVIOUS USE AND OWNERSHIP OF EACH ELIGIBLE PROPERTY

1.3.1 Historic Use

The property had been historically used for a variety of commercial activities as far back as 1885, including a cigar shop, a harness shop, a jewelry shop, a bicycle repair shop, a part of a movie house and a telephone company up to 1923. A number of different occupants of the building were identified over the next number of years, including United Construction Workers/Unite Mine Workers (UMW), Deluxe Beauty Shop, Internal Revenue Service, a tailor shop and Cadillac Girl Scouts (1952), and R&S Shoe Store, UMW, Reed and Wheaton Jewelers and Lake State Forest Exp. Station and/or Charrier Art Beauty Salon (1958 and1962). Milliken's Department Store was the primary occupant from the mid-1960's to the mid-2000's, when the store closed and other retailers occupied the property until 2014.

The main building on the site was originally on the west side of the property with several smaller buildings located on the west side of the property over the early years of Sanborn Map coverage. Most of the property is covered by one larger building by 1950.

1.3.2 Previous Ownership

Previous owners included Chemical Bank, Stephanie and Will Trombley, Cadillac 99 LLC, J&K Fund II LLC, and Milliken Partners, LTD. Milliken Partners was a previous department store operator and the property was previously their Cadillac department store.

1.4 CURRENT USE OF ELIGIBLE PROPERTY

The property is developed with the existing commercial building and entryways. The building was unoccupied and had most recently been used for retail purposes.

1.5 SITE CONDITIONS AND KNOWN ENVIRONMENTAL CONTAMINATION SUMMARY

1.5.1 Site Conditions

The subject site has a two-level building with 6,840-square foot on each floor and a basement, which occupies most of the property. The building exterior is finished, with painted brick and block. The drive

way into the site enters the eastern portion of the property, into a parking area on the north side of the building. Figure 2 shows the pertinent features of the building and property.

Raven Redevelopment

Revised: May 16, 2018

Major utilities are present within the right-of-way along North Mitchell Street. Electrical service is overhead in the alley and appeared to connect to the east side of the building. The site is also served by the City of Cadillac water and sewer services. Communication lines are also overhead and enter the south side of the building. Storm water is handled through direct surface water runoff from across the property.

1.5.1 Known Environmental Contamination Summary

A Record Search with Risk Assessment was conducted for the property which included an environmental database review, a review of historic site use information, interviews with local and state environmental regulatory personnel, and a visit to the site to observe the property exterior. The conclusion for the assessment was that the property has a Low Risk of Contamination. The property has historically been used for retail and commercial purposes which did not use hazardous substances with no evidence of an underground storage tank.

As a result, the site is not considered a Part 201 Facility, under Act 451, PA 1994 as amended.

1.6 FUNCTIONALLY OBSOLETE, BLIGHTED AND/OR HISTORIC CONDITIONS

The property was tax reverted and, as such, meets the definition of blighted under Act 381, P.A. 1996 as amended. The property also meets qualifying Eligible Property under Act 381 as a Part 201 Facility.

1.7 INFORMATION REQUIRED BY SECTION 15(15) OF THE STATUTE

1.7.1 MSF Eligible Activity Sufficiency

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Lead and Asbestos Abatement and Demolition. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of sufficiency for each Eligible Activity:

- **1.7.1.1 Demolition:** The selective demolition of a portion of the existing building will provide for the redevelopment to meet code, space, and finish requirements. The selective demolition that would inhibit future development are sufficient to alleviate brownfield conditions on the Eligible Property.
- **1.7.1.2 Site Preparation:** Site preparation activities includes relocation of active utilities, including City water and services. The site preparation activities will meet the needs for site development and are sufficient to alleviate the existing brownfield conditions on the Eligible Property.

1.7.2 MSF Eligible Activity Need

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Demolition and Site Preparation. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of the need for each Eligible Activity:

1.7.2.1 Demolition: Selective demolition of the building must be conducted in order to meet code, space, and finish needs for the restaurant.

1.7.2.2 Site Preparation: Water and Sewer services were required to be relocated are part of the redevelopment.

Raven Redevelopment

Revised: May 16, 2018

1.7.3 MSF Eligible Activity Cost Determination

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Lead and Asbestos Abatement, and Demolition. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of the need for each Eligible Activity:

- **1.7.3.1 Demolition:** Costs for demolition are based on internal company estimates and preliminary consultations with reputable local firms, net of recycling material revenues.
- **1.7.3.2** Site Preparation: Costs for active utility relocation are based on contractor estimates.

1.7.4 Public Purpose - MCL 125.2664(1)

The proposed project will convert a vacant commercial building into the Raven restaurant.

The total projected investment is expected to be approximately \$935,000.

The project will significantly add to the local and state tax base. When completed, property taxes are estimated at \$35,351 per year (following the retirement of Brownfield obligations) with 39.90% of these revenues going to the State of Michigan and 60.10% to local taxing jurisdictions. The property currently generates \$5,696 and without redevelopment, the property value and property taxes will likely decline.

1.75 Reuse of Vacant Buildings and the Redevelopment of Blighted Property

The building vacant and, while not currently blighted, would be expected to become so over time.

1.7.6 **Job Creation**

The project is anticipated to create 22 full time equivalent jobs.

1.7.6 Area of High Unemployment

The unemployment rate for Wexford County in 2016 was 5.6 percent, as compared to the State unemployment rate at 4.9 percent, according to the USDA Economic Research Service.

1.7.8 Level and Extent of Contamination Alleviated in Connection with the Eligible Activities

A Record Search with Risk Assessment was conducted for the property which included an environmental database review, a review of historic site use information, interviews with local and state environmental regulatory personnel, and a visit to the site to observe the property exterior. The conclusion for the assessment was that the property has a Low Risk of Contamination. The property has historically been used for retail and commercial purposes which did not use hazardous substances with no evidence of an underground storage tank.

As a result, the site is not considered a Part 201 Facility, under Act 451, PA 1994 as amended.

1.7.9 Level of Private Sector Contribution to the Project

The private sector contribution to this project is expected to be approximately \$935,000.

1.7.10 **Greenfield Comparison**

A Greenfield site was not considered for the project. All Eligible Activities under this Combined Brownfield Plan would not be required on a Greenfield site.

Raven Redevelopment

Revised: May 16, 2018

1.7.11 Creation of New Brownfields

There is no anticipated creation of a new brownfield from the project.

1.7.12 Project Pro forma

A project pro forma has not been prepared for the project.

1.7.13 Other Incentives

No other incentives are anticipated for the project.

1.7.14 Other Information

None

2.0 **SCOPE OF WORK - MCL 125.2663(1)(B)**

The purpose of the proposed eligible activities proposed under this Combined Brownfield Plan is to conduct MDEQ Environmental Eligible Activities, including a Phase I Environmental Site Assessment and MSF Eligible Activities, including Selective Building Demolition and Site Preparation.

2.1 MDEQ ELIGIBLE ACTIVITIES

Section 13(16), Act 381, PA 1996 as amended provides for State tax capture for site investigation activities and associated reports for a baseline environmental assessment and due care plan without Department approval. These MDEQ Eligible Activities are listed for qualification under the Brownfield Plan and are not part of the Act 381 Work Plan request to the Department.

2.1.1 Baseline Environmental Assessment

The work scope is to conduct a Phase I Environmental Site Assessments (ESAs) and Phase II ESA to meet environmental due diligence and All Appropriate Inquiry for 412 Cadillac, LLC.

A. Phase I ESA: A Record Search with Risk Assessment was conducted for the property which included an environmental database review, a review of historic site use information, interviews with local and state environmental regulatory personnel, and a visit to the site to observe the property exterior. The conclusion for the assessment was that the property has a Low Risk of Contamination. The property has historically been used for retail and commercial purposes which did not use hazardous substances with no evidence of an underground storage tank.

As a result, the site is not considered a Part 201 Facility, under Act 451, PA 1994 as amended.

2.1.2 Due Care Investigation and Activities

Not applicable.

2.1.3 Additional Response Activities

Not applicable.

2.1.3 Environmental Insurance

Not applicable.

2.1.4 Interest

Interest is included as an Eligible Activity. The Brownfield Eligible Activities of environmental due diligence have been privately financed by the Developer. Interest is calculated at 5.0% for 6 years for the purposes of this Combined Brownfield Plan.

Raven Redevelopment

Revised: May 16, 2018

2.1.5 Combined Brownfield Plan

The preparation, approval, and implementation of the Combined Brownfield Plan is included as Eligible Activities.

The following tables estimate the costs for Environmental Eligible Activities to be funded by tax increment revenues.

Estimated Cost of MDEQ Environmental Eligible Activities

MDEQ Environmental Eligible Activities	Estimated Cost
Baseline Environmental Assessment	\$2,000
Contingency (15%)	\$300

Raven Redevelopment

Revised: May 16, 2018

All Eligible Activities identified above will be allocated between the State and Local taxes in a proportional share, after the capture of the 3 mils for the State Brownfield Fund.

Eligible Activity Cost Tables and Tax Capture Tables are presented in the Exhibits.

3.0 TAX INCREMENT REVENUE ANALYSIS

3.1 Estimate of Captured Taxable Value and Tax Increment Revenues - MCL 125.2663(1)(c)

The initial taxable value for the Eligible Property will be set at the taxable value as of the approval date of this Combined Brownfield Plan, anticipated on March 19, 2018.

Act 381 defines initial taxable value as the taxable value at the time the Brownfield Plan is adopted (in this case, anticipated on March 19, 2018), as shown by either the most recent assessment roll for which equalization has been completed (in May) at the time the resolution is adopted (as of December 31, 2016) or, if provided by the brownfield plan, by the next assessment roll for which equalization will be completed (as of December 31, 2017) following the date the resolution adding that eligible property in the brownfield plan is adopted .

Raven Redevelopment *Revised: May 16, 2018*

The initial taxable value established by this Brownfield Plan is based on the taxable value as of December 31, 2016 and is \$91,700\$ for real property.

The MDEQ Environmental and MSF Non-Environmental Eligible Activity cost is \$60,950 plus an estimated \$9,440 in interest, for a total of \$70,390. The Combined Brownfield Plan also includes \$17,500 in Combined Brownfield Plan Development, Approval, and Implementation and \$8,500 in CBRA Administrative and Operating Costs, \$6,426 for the State Brownfield Fund and \$55,55,369 for the Local Brownfield Revolving Fund, bringing the Maximum Eligible Activity Cost to \$156,684. The Combined Brownfield Plan provides for additional State tax capture in an amount equal to State tax capture for MDEQ Environmental Eligible Activities and additional Local tax capture for a period of *five years* for the Local Brownfield Revolving Fund. The overall investment for the Project is estimated at \$935,000.

Table 2 identifies taxable values for real and personal property, including tax increment revenues for the Eligible Property. In addition, 3 mils are captured and distributed to the State for the State Brownfield Redevelopment Fund. In accordance with Act 381, this share does not affect the State and local ratio.

The cash flow analysis for the project indicates payoff of the obligation in *four (4)* years for Local and *five (5)* years for State Capture from 2018. *Brownfield capture under this Combined Brownfield Plan is limited to twenty (20) years to 2038, or less.*

Redevelopment of the property is anticipated to be initiated in Spring 2018, with building demolition. The actual tax increment captured will be based on taxable value set through the property assessment process by the local unit of government and equalized by the County and the millage rates set each year by the taxing jurisdictions. The estimated tax increment captured by the Authority is summarized in the table below and detailed in Table 2.

3.2 Method of Financing Plan Costs - MCL 125.2663(1)(d):

The Brownfield Eligible Activities of environmental due diligence, demolition, and site preparation will be privately financed by the Developer, and the Combined Brownfield Plan Development, Approval, and Implementation will be financed by the Authority, with capture of Local and State taxes to reimburse Eligible Activities.

State Brownfield Fund

Balance

3.3 Maximum Amount of Indebtedness - MCL 125.2663(1)(e)

The maximum amount of indebtedness will be \$86,250 plus an estimated \$9,440 in interest costs.

3.4 <u>Duration of Brownfield Plan - MCL 125.2663(1)(f)</u>

The duration of the Plan will be the time to capture taxes in an amount equal to the Eligible Activity obligation, *but no longer than twenty (20) years, with capture ending in 2038*. As shown on Table 2, total costs of all Eligible Activities on the property redevelopment is expected to be repaid through tax increment financing within *6 years* for Local and State Capture.

_

3.5 Estimate of Impact of Tax Increment Financing on Taxing Jurisdictions - MCL 125.2663(1)(g):

Raven Redevelopment

Revised: May 16, 2018

Tables 2.1 and 2.2 identify annual and total tax revenues projected for capture from the increase in property tax valuations. Individual tax levies within each taxing jurisdiction are also presented on Table 2. Taxing jurisdictions will continue to receive their attendant tax allocation for the project beyond the duration of the plan.

The total tax capture is estimated at \$60,950\$ for Eligible Activities, \$9,440 in interest, \$17,500 for Combined Brownfield Plan Development, Approval, and Implementation, \$8,500 in CBRA Administration and Operation, \$6,426 for the State Brownfield Fund and \$55,369 for the Local Brownfield Revolving Fund for a total capture of \$156,684. After the Brownfield obligation is met, tax revenues will accrue to the taxing jurisdictions in an amount estimated at almost \$35,351 per year on into the future.

3.6 <u>Description of Proposed Use of the Local Site Remediation Revolving Fund - MCL</u> 125.2663(1)(m)

Use of the Local Site Remediation Revolving Fund will be consistent with the requirements of Act 381, including expenses for Eligible Activities on Eligible Property.

4.0 SUMMARY OF RELOCATION ACTIVITIES

4.1 Estimate of Number of Persons Residing on Eligible Property - MCL 125.2663(1)(i)

There are currently no residential dwellings or residences that occupy the Eligible Property.

4.2 Plan for Residential Relocation - MCL 125.2663(1)(j)

The Eligible Property does not currently contain any residential dwellings; therefore, a plan for residential relocation is not applicable.

4.3 Provision of Costs of Relocation - MCL 125.2663(1)(k):

The Eligible Property does not currently contain any residential dwellings; therefore, a provision for residential relocation has not been allocated.

4.4 Strategy to Comply with Relocation Assistance Act, 1972 PA 227 - MCL 213.321 to 213.332 - MCL 125.2663(1)(I)

The Eligible Property does not currently contain any residential dwellings; therefore, relocation is not necessary.

AFFIDAVIT OF CLIFFORD PORTERFIELD

STATE OF MICHIGAN)
COUNTY OF WEXFORD	ss)

The undersigned, being first duly sworn, deposes and says:

- 1. I am a Michigan Master Assessing Officer(4) for the City of Cadillac.
- In my capacity as the City Assessor, I have physically inspected Parcel # 10-086-00-178-00 and have found this property to be functionally obsolete, in accordance with Act 381, P.A. 1996, as amended, MCL 125.26639(h).
- The parcel was built at the turn of the century.
- 4. The building has two floors with a basement. The basement and first floor are both approximately 6,750 square feet. The second floor is approximately 2,350 square feet. The lower level exhibits water damage due the lack of proper drainage and the fact that it is below grade. The wall covering in the basement is in need of replacing due to flood damage. The restroom capacity is woefully inadequate with both restrooms located on the lower floor. It would be cost prohibitive and difficult to add additional capacity that is code-compliant due to the condition and construction of the building. The building is not very accessible to the handicap with no handicap access to the upper or lower floors. The addition of a ramp or elevator would be expensive with the type of construction although it would not be impossible. The building has a boiler to supply heat. The boiler appears to be original equipment and will require continual service and attention. The plumbing and electrical systems are obsolete and inadequate by today's standards and will require significant, costly upgrading.
- 5. The building was vacated in 2015 and has been empty since that time.
- Based on my knowledge of the property and the type of work needed to make the building viable in the current market, it is my opinion as a Master Assessing Officer (4) that the building meets the definition of "functionally obsolete" as defined in the Obsolete Properties Rehabilitation Act, 2000, PA 146, MCL 125.2782 and the Brownfield Redevelopment Financing Act, 1996, PA 381, MCL 125.2782.
- I have personal knowledge of the facts set fort above and can competently testify if called as a witness.

RESOLUTION NO. _____

Resolution Approving Combined Brownfield Plan Lakeside Ace Hardware

At a regular meeting of the Cadillac City Council held at Cadillac City Hall, 200 North Lake Street, Cadillac, Michigan on May 21, 2018, at 6:00 p.m., the following resolution was offered by

Councilperson _	 and supported by

Councilperson	

Whereas, the Michigan Brownfield Redevelopment Financing Act, Act 381, P.A. 1996 as amended ("Act 381"), authorizes municipalities to create a brownfield redevelopment authority to promote the revitalization, redevelopment, and reuse of contaminated, blighted, functionally obsolete, or historically designated property through tax increment financing of eligible activities approved in a Brownfield Plan; and

Whereas, the City Council established the Cadillac Brownfield Redevelopment Authority ("CBRA") under the procedures in Act 381 on December 6, 1996 to facilitate the redevelopment of Brownfields within the City of Cadillac; and,

WHEREAS, Act 381 was recently amended to provide for Combined Brownfield Plans that combine the elements of a Brownfield Plan (which identifies the Brownfield Eligible Property and Activities and estimates the impacts to taxing jurisdictions, among other items) with the elements of an Act 381 Work Plan (which details the proposed project, the specific eligible activities that will be undertaken to alleviate Brownfield conditions, and the costs and time frame of the project, and which is necessary for state tax capture approval); and

WHEREAS, the City understands that certain property located at 834 and 836 N. Mitchell Street ("Lakeside Ace Hardware Redevelopment") qualifies as a Brownfield Eligible Property and that the owner intends to undertake various Brownfield Eligible Activities, including environmental due diligence, lead and asbestos abatement, and selective demolition to redevelop the property; and

WHEREAS, a Combined Brownfield Plan was submitted for the Lakeside Ace Hardware redevelopment that: (1) establishes the property at 834 and 836 N. Mitchell Street as Eligible Property, (2) outlines Environmental and Non-Environmental Eligible Activities, and (3)

provide for the capture by the CBRA of future increased incremental taxes generated by increased private investment on the property for reimbursement of the Eligible Activity expenses; and

Whereas, on April 16, 2018, the CBRA reviewed and approved the Combined Brownfield Plan and recommended approval to the City Council, and

Whereas, the City Council has determined that the Combined Brownfield Plan meets the requirements of Act 381 and constitutes a public purpose of environmental protection, job creation, increased private investment and economic development, and increased property tax value; and

Whereas, a public hearing on the Combined Brownfield Plan has been noticed and held on May 21, 2018 and notices to taxing jurisdictions have been provided in compliance with the requirements of Act 381; and

Whereas, the City Council has reviewed the Combined Brownfield Plan and finds, in accordance with the requirements of Section 14 of Act 381 that:

- (a) The Combined Brownfield Plan meets the requirements of Section 13 of Act 381, Brownfield Plan Provisions as described in the Combined Brownfield Plan, consistent with format recommended by the State of Michigan, including a description of the costs intended to be paid with tax increment revenues, a brief summary of eligible activities, estimate of captured taxable value and tax increment revenues, method of financing, maximum amount of indebtedness, beginning date and duration of capture, estimate of impact on taxing jurisdictions, legal description of eligible property, estimates of persons residing on the eligible property if applicable, and a plan and provisions for relocation of residents, if applicable.;
- (b) The proposed method of financing the costs of eligible activities, private financing arranged by Lakeside Ace Hardware, the property owner, is feasible and that the Authority will not arrange financing, as described in Section 3.2 of the Combined Brownfield Plan;
- (c) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381, including complying with environmental due diligence and due care requirements, meeting regulatory requirements for lead and asbestos abatement prior to demolition, demolition is necessary to provide for the installation of new equipment and building remodeling for modernization and expansion, and the cost estimates are based on evaluation from certified professionals, experience in comparable projects, and preliminary discussions with reputable companies, as described in Section 2.2 of the Combined Brownfield Plan; and
- (d) The amount of captured taxable value estimated from the adoption of the Combined Brownfield Plan is reasonable, as calculated in Table 2 of the Combined Brownfield Plan, based on calculations of the tax revenues derived from taxable value increases and millage rates approved and authorized by the

taxing jurisdictions on an annualized basis and balances against the outstanding eligible activity obligation approved as part of the Combined Brownfield Plan and expenses reviewed and approved by the Cadillac Brownfield Redevelopment Authority.

Now, Therefore, the City Council of the City of Cadillac, Wexford County, Michigan resolves as follows:

- 1. Pursuant to the Brownfield Redevelopment Financing Act, Act 381 of the Public Acts of 1996, as amended, being MCL 125.2651, *et seq*, the Cadillac City Council hereby approves the Lakeside Ace Hardware Combined Brownfield Plan in Cadillac.
- 2. Should any section, clause or phrase of this Resolution be declared by the courts to be invalid, the same shall not affect the validity of this Resolution as a whole nor any part thereof, other than the part so declared to be invalid.
- 3. Any prior resolution, or any part thereof, in conflict with any of the provisions of this Resolution is hereby repealed, but only to the extent necessary to give this Resolution full force and effect.

ACT 381 COMBINED BROWNFIELD PLAN TO CONDUCT ELIGIBLE MDEQ ENVIRONMENTAL AND MSF NON-ENVIRONMENTAL ELIGIBLE ACTIVITIES

UNDER THE AUTHORITY OF THE BROWNFIELD REDEVELOPMENT FINANCING ACT, 1996 PA 381, AS AMENDED

1.0 INTRODUCTION

The Cadillac Brownfield Redevelopment Authority ("CBRA") is submitting this Act 381 Combined Brownfield Plan for MDEQ Environmental and MSF Non-Environmental Eligible Activities for the proposed Lakeside Ace Hardware in the City of Cadillac, Wexford County, Michigan (herein referred to as the "Eligible Property").

This Combined Brownfield Plan is submitted under the auspices of Act 381, P.A. 1996, as amended.

1.1 PROPOSED REDEVELOPMENT AND FUTURE USE - MCL 125.2663(1)(A)

The proposed project includes the acquisition of the former Hostess Outlet building and property and selective demolition, remodeling, and construction for the use of the building for the Lakeside Ace Hardware.

The estimated investment is \$600,000.

1.2 ELIGIBLE PROPERTY INFORMATION - MCL 125.2663(1)(h)

1.2.1 **Property Eligibility and Location**

Property Eligibility – Clifford (Joe) Porterfield, City of Cadillac Assessor (Level IV) has determined that the property is functionally obsolete, as defined by Act 381, P.A 1996 as amended. An Affidavit of Functional Obsolescence is included in the Combined Brownfield Plan. As a result, the property qualifies as Eligible Property under Act 381.

Location - The Eligible Property is located at 834 and 836 N. Mitchell Street in Cadillac with Parcel Identification Numbers 10-048-00-007-00, 10-048-00-008-00, and 10-048-010-00 with a total area of approximately 0.72 acres, with one building, the former Hostess Outlet.

The legal description of the parcel is provided below. A Project Location Map and Eligible Property Map are included in the Appendix as Figures 1 and 2, respectively.

LOT 10 & VAC ALLEY W OF LOT 10 BLK 213 CHITTENDEN & WHEELERS ADDITION, CITY OF CADILLAC

Personal Property is included as part of the Eligible Property, with incremental increases over Initial Taxable Value subject to capture under this Combined Brownfield Plan.

1.2.2 Current Ownership

The Eligible Property is owned by Michael Johnson.

1.2.3 **Proposed Future Ownership**

The Eligible Property will be purchased by Hey Hon Holdings, LLC.

1.2.4 <u>Delinquent Taxes, Interest & Penalties</u>

There are currently no delinquent taxes, interest or penalties due on the subject property.

1.2.5 Existing & Proposed Future Zoning for Eligible Property

The property is zoned General Business District (B-3) and governed by the provisions of the City of Cadillac Zoning Ordinance.

1.3 HISTORICAL, PREVIOUS USE AND OWNERSHIP OF EACH ELIGIBLE PROPERTY

1.3.1 Historic Use

The earliest reviewable document available, a 1906 Sanborn Fire Insurance Map, depicted the subject property as undeveloped. The subject property apparently remained undeveloped until sometime between 1914 and 1923. The 1923 Sanborn Fire Insurance Map depicted the subject property as developed with three residences, which appears to be the first developed use of the subject property. Between 1923 and 1950, the subject property had remained developed, with the residential dwellings and three stand-alone garage had been constructed to the east of dwellings. Between the early 1950s and the 1961 Sanborn Map, the northern portion of the subject property had been redeveloped with the existing commercial building. The commercial building was reported to have been used for the operation of a Cadillac automobile dealership. One residential dwelling and stand-alone garage remained on the southern portion of the subject property. An addition was also constructed on the east side of the commercial building in 1967. The former residence and garage had also been removed sometime between 1965 and 1973. Upon removal of the remaining residence, the property was utilized for additional parking lot space. The subject property remained developed with the existing building and was utilized for the operation of an automobile dealership and service operation.

The subject property was sold in 1981 and became a bakery outlet and distributorship operation for the Hostess Company. The subject property remained developed and utilized for the operation of a bakery outlet and distribution center until approximately 2013. In 1992 three underground storage tanks (UST) were removed from the subject property. These USTs had been utilized for the storage of gasoline, used oil and diesel fuel which had been associated with the historical uses of the subject property for the automobile dealership and bakery distribution center. The subject property was closed in approximately 2013 and was sold to the current owner in 2015.

1.3.2 Previous Ownership

The following sale data was available the subject property:

Grantor	Grantee	Date of Transaction	Transaction Type
National Bakery Industrial	Johnson, Michael	May 15, 2015	Quick Claim
IBC Sales Corporation	National Bakery Industrial	August 29, 2013	Warranty Deed
Interstate Brands Corp	IBC Sales Corporation	January 1, 2009	Warranty Deed
	Continental Baking Company	October 1, 1984	Warranty Deed

1.4 CURRENT USE OF ELIGIBLE PROPERTY

The former Hostess Outlet property is developed with the existing commercial building and associated asphalt parking lot. The building has been vacant for four years.

1.5 SITE CONDITIONS AND KNOWN ENVIRONMENTAL CONTAMINATION SUMMARY

1.5.1 Site Conditions

The subject site has an 8,640-square foot, single story building with a main level and lower level basement. The building exterior is finished, with painted brick and block, with flat roof, and a slab on grade poured concrete floors.

The building is located on the northern portion of the subject property and fronts North Mitchell and Simson Streets. To the east and south of the building is the asphalt parking lot which provides access to the subject property. The City of Cadillac concrete sidewalk is also present to the north and west of the building, which parallel the adjacent road rights-of-ways (North Mitchell and Simson Streets).

Major utilities are present within the right-of-way along North Mitchell Street. Electrical service is overhead along North Mitchell Street, and appeared to connect to the west side of the building. Natural gas enters the property at the northwest corner of the building. The site is also served by the City of Cadillac water and sewer services. Communication lines are also overhead and enter the south side of the building. Storm water is handled through direct surface water runoff from across the property.

1.5.2 Known Environmental Contamination Summary

A Phase I Environmental Site Assessment was conducted in February 2018 on behalf of Hey Hon Holdings, LLC and identified the presence of a trench drain and two connected catch basins in the central portion of the building. Due to the approximately 20-year historical use as an automobile dealership and service operation, and 32 years of a truck garage for a bakery distributor, the potential for the release of hazardous substances from these drains represents a Recognized Environmental Condition.

The Phase I ESA also noted that, in 1992 three underground storage tanks (UST) were removed from the subject property. These USTs had been utilized for the storage of gasoline, used oil and diesel fuel which had been associated with the historical uses of the subject property for the automobile dealership and bakery distribution center. During the removal activities for the USTs, a release was reported with the Michigan Department of Natural Resources (MDNR) associated with the former location of the gasoline and used oil USTs. The subject property was then listed with the MDNR as a leaking UST (LUST) site. Between 1992 and 1995, soil and groundwater investigations and monitoring occurred at the subject property. In 1995, upon the recommendation of the MDNR, soil excavation activities were conducted to remove the small amount of remaining soil impact at the location of the two USTs. After the completion of the soil removal activities the MDNR closed the LUST listing for the subject property.

A Phase II ESA was conducted in March 2018 conducted five soil borings in the area of the trench drain and catch basins and collected five soil samples and one groundwater sample. The laboratory analyses included the Leaded Gas Scan (including: benzene, ethylbenzene, toluene, xylene, 1,2,3-/ 1,2,4-/ 1,3,5-trimethylbenzenes, naphthalene, 2-methylnaphthalene, methyl-tert-butyl ether, ethylene dibromide and 1,2-dichloroethane), volatile organic compounds (VOCs), polynuclear aromatics (PNAs), lead, cadmium and chromium.

All five of the soil sample exhibited chromium and lead at concentrations above the laboratory target detection limits (TDLs), of which one none exhibited concentrations above the MDEQ Part 201 Generic Cleanup Criteria (GCC) — Residential. The concentrations of cadmium and lead were well below the MDEQ statewide default background levels (i.e., Chromium, 18,000 ppb and Lead, 21,000). All other parameters were not detected above laboratory method detection limits (MDLs). The groundwater sample did not identify any concentrations above MDLs.

As a result, the site is not a Part 201 Facility, under Act 451, PA 1994 as amended.

1.6 FUNCTIONALLY OBSOLETE, BLIGHTED AND/OR HISTORIC CONDITIONS

Clifford (Joe) Porterfield, City of Cadillac Assessor (Level IV) has determined that the property is functionally obsolete, as defined by Act 381, P.A 1996 as amended. An Affidavit of Functional Obsolescence is included in the Combined Brownfield Plan. As a result, the property qualifies as Eligible Property under Act 381.

1.7 INFORMATION REQUIRED BY SECTION 15(15) OF THE STATUTE

1.7.1 MSF Eligible Activity Sufficiency

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Lead and Asbestos Abatement, Demolition, Site Preparation, and Infrastructure. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of sufficiency for each Eligible Activity:

1.7.1.1 Lead and Asbestos Abatement: Lead and asbestos abatement will result in the appropriate management of lead and cadmium-based paint with appropriate training, materials handling, and air monitoring to ensure work safety, and removal of asbestos containing materials (ACMs)

by a certified asbestos contractor. The appropriate management of lead and cadmium-based paint and removal of asbestos prior to demolition will be sufficient to alleviate the brownfield conditions of the Eligible Property.

- **1.7.1.2 Demolition:** The selective demolition of a portion of the existing building will provide for the redevelopment to meet code, space, and finish requirements. The selective demolition that would inhibit future development are sufficient to alleviate brownfield conditions on the Eligible Property.
- **1.7.1.3 Site Preparation:** Site preparation activities includes protection of existing utilities and temporary facilities, components critical to the success of the project. The site preparation activities will meet the needs for site development and are sufficient to alleviate the existing brownfield conditions on the Eligible Property.
- **1.7.1.4** *Infrastructure:* The curb cuts along Mitchell Street and Simons Street must be relocated for effective access to the property, with construction of new curb cuts and restoration of the former curb cuts. These activities are sufficient to alleviate the brownfield conditions of public infrastructure adjacent to the Eligible Property.

1.7.2 MSF Eligible Activity Need

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Lead and Asbestos Abatement, and Demolition. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of the need for each Eligible Activity:

- 1.7.2.1 Lead Asbestos Abatement: State and federal regulations require an assessment of the presence of lead and cadmium-based paint and asbestos prior to demolition of commercial buildings. If identified, precautions must be taken to protect human health and the environment, including worker training, air monitoring, and in the case of asbestos, abatement must be conducted by a certified asbestos abatement company.
- **1.7.2.2 Demolition:** Selective demolition of the building must be conducted in order to meet code, space, and finish needs for the commercial leasing.
- **1.7.2.3 Site Preparation:** Efforts must be made for protection of existing utilities and provide temporary facilities to meet health and safety requirements.
- **1.7.2.4** *Infrastructure:* The curb cuts along Mitchell Street and Simons Street must be relocated for effective access to the property, with construction of new curb cuts and restoration of the former curb cuts.

1.7.3 MSF Eligible Activity Cost Determination

The MSF Eligible Activities proposed under this Combined Brownfield Plan include: Lead and Asbestos Abatement, and Demolition. Section 3 provides a detailed work scope for each of the MSF Eligible Activities. The following is a brief explanation of the need for each Eligible Activity:

- **1.7.3.1** Lead Asbestos Abatement: Costs for the lead/cadmium paint and asbestos surveys are based on proposals from certified asbestos inspectors and abatement costs are based on a walkthrough of the buildings by a certified lead and asbestos inspector.
- 1.7.3.2 Demolition: Costs for demolition are based on contractor estimates.
- **1.7.3.3 Site Preparation:** Costs for existing utility protection and temporary facilities are based on contractor estimates.
- 1.7.3.4 Infrastructure: Costs for curb cuts and curb restoration are based on contractor estimates.

1.7.4 Public Purpose - MCL 125.2664(1)

The proposed project will convert a vacant commercial building into a retail commercial space as the Lakeside Ace Hardware.

The total projected investment is expected to be approximately \$600,000.

The project will significantly add to the local and state tax base. When completed, property taxes are estimated at \$29,959 per year (following the retirement of Brownfield obligations) with 38.64% of these revenues going to the State of Michigan and 61.36% to local taxing jurisdictions. The property currently generates \$4,379 and without redevelopment, the property value and property taxes will likely decline.

1.75 Reuse of Vacant Buildings and the Redevelopment of Blighted Property

The former Hostess Outlet building has been vacant for four years and, while not currently blighted, would be expected to become so over time.

1.7.6 Job Creation

The project is anticipated to create between 5 and 10 jobs.

1.7.6 Area of High Unemployment

The unemployment rate for Wexford County in 2016 was 5.6 percent, as compared to the State unemployment rate at 4.9 percent, according to the USDA Economic Research Service.

1.7.8 Level and Extent of Contamination Alleviated in Connection with the Eligible Activities

The Phase II Environmental Site Assessment did not identify the presence of contamination above MDEQ Generic Cleanup Criteria.

1.7.9 Level of Private Sector Contribution to the Project

The private sector contribution to this project is expected to be approximately \$600,000.

1.7.10 **Greenfield Comparison**

A Greenfield site was not considered for the project. All Eligible Activities under this Combined Brownfield Plan would not be required on a Greenfield site.

1.7.11 Creation of New Brownfields

There is no anticipated creation of a new brownfield from the project.

1.7.12 **Project Pro forma**

A project pro forma has been prepared through the Ace Hardware franchise agreement.

1.7.13 Other Incentives

No other incentives are anticipated for the project.

1.7.14 Other Information

None

2.0 SCOPE OF WORK - MCL 125.2663(1)(B)

The purpose of the proposed eligible activities proposed under this Combined Brownfield Plan is to conduct MDEQ Environmental Eligible Activities, including Phase I and Phase II Environmental Site Assessments, and MSF Eligible Activities, including Lead and Asbestos Abatement, Site and Selective Building Demolition, Site Preparation, and Infrastructure.

2.1 MDEQ ELIGIBLE ACTIVITIES

Section 13(16), Act 381, PA 1996 as amended provides for State tax capture for site investigation activities and associated reports for a baseline environmental assessment and due care plan without Department approval. These MDEQ Eligible Activities are listed for qualification under the Brownfield Plan and are not part of the Act 381 Work Plan request to the Department.

2.1.1 Baseline Environmental Assessment

The work scope is to conduct a Phase I Environmental Site Assessments (ESAs) and Phase II ESA to meet environmental due diligence and All Appropriate Inquiry for 412 Cadillac, LLC.

- A. Phase I ESA: A Phase I ESA has been conducted for the parcels proposed for acquisition by Hey Hon Holdings LLC, consistent with ASTM Standard E1527-13. The Phase I ESA included a review of historical and current information, including regulatory agency files, historical maps, and past uses to evaluate the potential for contamination, a site inspection of the property, and interviews with individuals knowledgeable about the past use of the property to identify any Recognized Environmental Conditions (RECs). A Phase I report was prepared with full documentation of the research and identified the presence of a trench drain and two connected catch basins in the central portion of the building. Due to the approximately 20-year historical use as an automobile dealership and service operation, and 32 years of a truck garage for a bakery distributor, the potential for the release of hazardous substances from these drains represented a Recognized Environmental Condition.
- B. Phase II ESA: A Phase II ESA was conducted in March 2018 conducted five soil borings in the area of the trench drain and catch basins and collected five soil samples and one groundwater sample. The laboratory analyses included the Leaded Gas Scan (including: benzene, ethylbenzene, toluene, xylene, 1,2,3-/ 1,2,4-/ 1,3,5-trimethylbenzenes, naphthalene, 2-methylnaphthalene, methyl-tert-butyl ether, ethylene dibromide and 1,2-dichloroethane), volatile organic compounds (VOCs), polynuclear aromatics (PNAs), lead, cadmium and chromium. None of the soil or

groundwater samples exhibited concentrations above MDEQ GCC. As a result, the site is not a Part 201 Facility

2.1.2 Due Care Investigation and Activities

Not applicable.

2.1.3 Additional Response Activities

Not applicable.

2.1.3 Environmental Insurance

Not applicable.

2.1.4 Interest

Interest is included as an Eligible Activity. The Brownfield Eligible Activities of environmental due diligence have been privately financed by the Developer. Interest is calculated at 5.0% for 10 years for the purposes of this Combined Brownfield Plan.

2.1.5 Combined Brownfield Plan

The preparation, approval, and implementation of the Combined Brownfield Plan is included as Eligible Activities.

The following tables estimate the costs for Environmental Eligible Activities to be funded by tax increment revenues.

Estimated Cost of MDEQ Environmental Eligible Activities

MDEQ Environmental Eligible Activities	Estimated Cost
Baseline Environmental Assessment	\$7,000
Contingency (15%)	\$1,050
Eligible Activities Subtotal	\$8,050
Interest	\$1,247
Combined Brownfield Plan Development, Approval, Implementation	\$4,500
Brownfield Authority Administrative and Operating Cost	\$3,500
MDEQ Environmental Eligible Activities Total	\$17,297

2.2 MSF NON-ENVIRONMENTAL ELIGIBLE ACTIVITIES

MSF Eligible Activities are requested under this plan under the auspices of Act 381. The City of Cadillac is a Qualified Local Government. MSF Non-Environmental Eligible Activities include lead and asbestos abatement, demolition, site preparation, and infrastructure.

2.2.1. Demolition

Demolition will include site demolition and selective demolition of a portion of the building and removal of an addition to the east.

The following is a cost estimate for Site and Selective Demolition:

Site and Selective Demolition	Total
Site Demolition	\$11,000
Selective Demolition	\$85,000
Contingency (15%)	<u>\$14,400</u>
TOTAL	\$110,400

2.2.2. Lead and Asbestos Abatement

Demolition or remodeling buildings that contain lead, cadmium and/or asbestos is subject to regulations to protect the health of the persons that may be affected. In addition, demolition can impact the concentration of lead, cadmium and/or asbestos in the soils that are in close proximity to the building. A lead/cadmium paint and asbestos survey will be conducted for the site building to identify the presence of lead/cadmium paint and asbestos. The presence of lead and cadmium-based paint in areas of disturbance and demolition which requires specific precautions, including personal protective equipment, worker training, and air monitoring to ensure levels of lead and cadmium are less than required levels. Asbestos in areas of disturbance or demolition must be abated by a certified asbestos contractor, with air monitoring to ensure a safe working environment. The scope of work includes the required surveys prior to demolition under State and Federal law, and lead and asbestos abatement.

The following is a cost estimate for lead and asbestos survey, monitoring, and abatement:

Lead and Asbestos Abatement	Total
Survey	\$2,000
Monitoring	\$1,000
Abatement	\$10,000
Contingency (15%)	<u>\$1,950</u>
TOTAL	\$14,950

2.2.3 Infrastructure Improvements

The Eligible Property is located in City of Cadillac, which is designated as a Qualified Local Unit of Government, or Core Community. Infrastructure improvements include the relocation of two new curb cuts to enhance access to the site and restoration of the former curb cuts.

Infrastructure	Total
Curb Cuts and Restoration	\$15,000
Contingency (15%)	<u>\$2,250</u>
TOTAL	\$17,250

2.2.4 Site Preparation

The Eligible Property is located in the City of Cadillac, which is designated as a Qualified Local Unit of Government, or Core Community. Site preparation includes existing utility protection and temporary facilities.

Site Preparation	Total
Existing Utility Protection	\$5,000
Temporary Facilities	\$2,000
Contingency (15%)	<u>\$1,050</u>
TOTAL	\$8,050

2.2.5 Interest

Interest is included as an Eligible Activity. The Brownfield Eligible Activities of lead and asbestos abatement, demolition, site preparation, and infrastructure will be privately financed by the Developer. Interest is calculated at 5.0% for 10 years for the purposes of this Combined Brownfield Plan.

2.2.6 Assistance to Land Bank Fast Track Authority

Not Applicable.

2.2.7 Relocation of Public Facilities or Service for Economic Development Purposes

Not Applicable.

2.2.8 Develop/Prepare/Implement Combined Brownfield Plan

The preparation, approval and implementation of the Combined Brownfield Plan is included as Eligible Activities.

Estimated Cost of MSF Non-Environmental Eligible Activities

MSF Environmental Eligible Activities	Estimated Cost
Lead and Asbestos Abatement	\$13,000

All Eligible Activities identified above will be allocated between the State and Local taxes in a proportional share, after the capture of the 3 mils for the State Brownfield Fund.

Eligible Activity Cost Tables and Tax Capture Tables are presented in the Exhibits.

3.0 TAX INCREMENT REVENUE ANALYSIS

3.1 Estimate of Captured Taxable Value and Tax Increment Revenues - MCL 125.2663(1)(c)

The initial taxable value for the Eligible Property will be set at the taxable value as of the approval date of this Combined Brownfield Plan, anticipated on May 21, 2018.

Act 381 defines initial taxable value as the taxable value at the time the Brownfield Plan is adopted (in this case, anticipated on March 19, 2018), as shown by either the most recent assessment roll for which equalization has been completed (in May) at the time the resolution is adopted (as of December 31, 2016) or, if provided by the brownfield plan, by the next assessment roll for which equalization will be completed (as of December 31, 2017) following the date the resolution adding that eligible property in the brownfield plan is adopted .

The initial taxable value established by this Brownfield Plan is based on the taxable value as of December 31, 2017 and is \$62,200\$ for real property.

The MDEQ Environmental and MSF Non-Environmental Eligible Activity cost is \$158,700 plus an estimated \$24,579 in interest, for a total of \$183,279. The Combined Brownfield Plan also includes \$16,500 in Combined Brownfield Plan Development, Approval, and Implementation, \$8,500 in CBRA Administrative and Operating Costs, and an estimated \$13,712 for the State Brownfield Fund, bringing the Maximum Eligible Activity Cost to \$220.405. The Combined Brownfield Plan provides for additional State tax capture in an amount equal to State tax capture for MDEQ Environmental Eligible Activities and additional Local tax capture for a period of *five years* for the Local Brownfield Revolving Fund in an estimated amount of \$68,712. The overall investment for the Project is estimated at \$600,000.

Table 2 identifies taxable values for real and personal property, including tax increment revenues for the Eligible Property. In addition, 3 mils are captured and distributed to the State for the State Brownfield Redevelopment Fund. In accordance with Act 381, this share does not affect the State and local ratio.

The cash flow analysis for the project indicates payoff of the obligation in *eleven* (11) years for Local Capture and *twelve* (12) years for State Capture. *Brownfield capture under this Combined Brownfield Plan is limited to twenty* (20) years to 2038, or less. Capture for the Local Brownfield Revolving Fund is provided in the Combined Brownfield Plan for an equivalent amount of original capture of State taxes for MDEQ Environmental Eligible Activities and Local taxes for a period of five years.

Redevelopment of the property is anticipated to be initiated in Spring 2018, with site and building demolition. The actual tax increment captured will be based on taxable value set through the property assessment process by the local unit of government and equalized by the County and the millage rates set each year by the taxing jurisdictions. The estimated tax increment captured by the Authority is summarized in the table below and detailed in Table 2.

3.2 Method of Financing Plan Costs - MCL 125.2663(1)(d):

The Brownfield Eligible Activities of environmental due diligence, lead and asbestos abatement, demolition, site preparation, and infrastructure will be privately financed by the Developer, and the Combined Brownfield Plan Development, Approval, and Implementation will be financed by the Authority, with capture of Local and State taxes to reimburse Eligible Activities.

Balance

3.3 Maximum Amount of Indebtedness - MCL 125.2663(1)(e)

The maximum amount of indebtedness will be \$183,700 plus an estimated \$24,579 in interest costs.

3.4 Duration of Brownfield Plan - MCL 125.2663(1)(f)

The duration of the Combined Plan will be the time to capture taxes in an amount equal to the Eligible Activity obligation, but no longer than twenty (20) years, with capture ending in 2038, plus Local Brownfield Revolving Fund capture. As shown on Table 2, total costs of all Eligible Activities on the property redevelopment is expected to be repaid through tax increment financing within 11 years for Local Capture and 12 years for State Capture, with an additional 5 years for the Local Brownfield Revolving Fund.

.

3.5 Estimate of Impact of Tax Increment Financing on Taxing Jurisdictions - MCL 125.2663(1)(g):

Tables 2.1 and 2.2 identify annual and total tax revenues projected for capture from the increase in property tax valuations. Individual tax levies within each taxing jurisdiction are also presented on Table 2. Taxing jurisdictions will continue to receive their attendant tax allocation for the project beyond the duration of the plan.

The total tax capture is estimated at \$158,700 for Eligible Activities, \$24,579 in interest, \$16,500 for Combined Brownfield Plan Development, Approval, and Implementation, \$8,500 in CBRA Administration and Operation, \$13,626 for the State Brownfield Fund and \$73,945 for the Local Brownfield Fund for a total capture of \$290,350. After the Brownfield obligation is met, tax revenues will accrue to the taxing jurisdictions in an amount estimated at over \$29,959 per year on into the future.

3.6 <u>Description of Proposed Use of the Local Brownfield Revolving Fund - MCL 125.2663(1)(m)</u>

Use of the Local Brownfield Revolving Fund will be consistent with the requirements of Act 381, including expenses for Eligible Activities on Eligible Property.

4.0 SUMMARY OF RELOCATION ACTIVITIES

4.1 Estimate of Number of Persons Residing on Eligible Property - MCL 125.2663(1)(i)

There are currently no residential dwellings or residences that occupy the Eligible Property.

4.2 Plan for Residential Relocation - MCL 125.2663(1)(j)

The Eligible Property does not currently contain any residential dwellings; therefore, a plan for residential relocation is not applicable.

4.3 Provision of Costs of Relocation - MCL 125.2663(1)(k):

The Eligible Property does not currently contain any residential dwellings; therefore, a provision for residential relocation has not been allocated.

4.4 Strategy to Comply with Relocation Assistance Act, 1972 PA 227 - MCL 213.321 to 213.332 - MCL 125.2663(1)(I)

The Eligible Property does not currently contain any residential dwellings; therefore, relocation is not necessary.

The undersigned, being first duly sworn, deposes and says:

- 1. I am a Michigan Master Assessing Officer (4) for the City of Cadillac.
- In my capacity as the City Assessor, I have physically inspected Parcel # 10-048-00-008-00 and have found this property to be functionally obsolete, in accordance with Act 381, P.A. 1996, as amended, MCL 125.2663(h).
- The parcel was built in approximately 1960. As a car dealership and was most recently used as fitness Center.
- 4. The building is a single story concrete block and steel construction building 17 feet high approximately 8,600 square feet There have been roof issues with the building and the front wall is bowing and will need replaced. The plumbing and heating appear to outdated.
- Based on my knowledge of the property and the type of work needed to make the building viable in the current market, it is my opinion as a Master Assessing Officer (4) that the building meets the definition of "functionally obsolete" as defined in the Brownfield Redevelopment Financing Act, 1996, PA 381, MCL 125.2782.
- I have personal knowledge of the facts set fort above and can competently testify if called as a witness.

Section 6, Millage Levies.

- (a) The City will levy a tax of 13.9166 mills for the period of July 1, 2018 through June 30, 2019, on all real and personal taxable property in the City, according to the valuation of the same. This tax is levied for the purpose of defraying the general expense and liability of the City and is levied pursuant to Section 20.6, Article 20 of the City Charter. The maximum authorized levy according to the City Charter is 15.00 mills.
- (b) The City further levies a tax of 2.60 mills for the period of July 1, 2018 through June 30, 2019, on all real and personal taxable property in the City, according to the valuation of the same. This tax is levied for the purpose of defraying the cost of supporting the retirement plan for personnel of the police and fire departments of the City pursuant to the provisions of Public Act 345 of 1937, as amended, as approved by a vote of the citizens of the City on November 8, 1977.

City of Cadillac
Ordinance No. 2018
Page 4 of 4

(c) The City further levies a tax of 1.9548 mills for the period of July 1, 2018 through June 30, 2019, on all real and personal taxable property in the City, according to the valuation of the same in a district known as the Downtown Development District. This tax is levied for the purpose of defraying the cost of the Downtown Development Authority.

Section 7, Adoption of Budget by Reference.

The general fund budget of the City is hereby adopted by reference, with revenues and activity expenditures as indicated in Sections 5 and 6 of this Act.

Section 8, Transfer Within Appropriation Centers.

The City Manager is hereby authorized to make budgetary transfers within the appropriation centers established throughout this budget. All transfers between appropriations may be made only by further resolution of the City Council pursuant to Section 10.5 of the City Charter and Section 19(2) of the provisions of the Michigan Uniform Accounting and Budget Act.

Section 9, Appropriations by Resolution,

The City Council may, by resolution, make additional appropriations during the 2019 Fiscal Year for unanticipated expenditures required of the City, but such expenditures shall not exceed the amount by which actual and anticipated revenues of the fiscal year are exceeding the revenues as estimated in the budget unless the appropriations are necessary to relieve an emergency endangering the public health, peace or safety.

Section 10, Effective Date. This Ordinance shall take effect on July 1, 2018.	
Approved this 21st day of May, 2018.

CADILLAC AREA FARMERS MKT LLC

RECEIVED FEB 2 7 2018

Jean Kohler

February, 26, 2018

Dear Mayor Carla Filkins and City Council

The Cadillac Area Farmers Market LLC request approval for the use of the lakefront parking lot next to the DEQ building or under the new awning for the Cadillac Area Farmers Market site for the 2018 market season. We are also requesting a use permit for the above mentioned areas. We will also purchase a liability policy for the use of the parking lot or under the awning for the duration of the market season.

We are planning to open the market on July 1, 2018 and continue every Tuesday and Friday through October 30, 2018.

We would also like approval for four 2x4 ft signs. Two to be placed on Mitchell street and two at the market site. We will keep the north end of the parking lot open for customer parking.

We will pay \$300.00 fee for the market space before the market is due to open if that is satisfactory with you. Please let me know when our request will be on the agenda so I can plan on attending.

Thank you for your continued support.

Sincerely,

Jean Kohler

Market Master of the Farmers Market

COUNCIL COMMUNICATION

Re: Reappointment of Dave Gregg to a Three-Year Term on the Planning Commission

Dave Gregg was originally appointed to the Cadillac Planning Commission in 2006. He has expressed his interest in continuing his service to the Commission for another three-year term.

Recommended Action

Motion to reappoint Dave Gregg to a three-year term on the Planning Commission, which will expire on 5/01/2021.

Re: FY2019 Plow Truck Purchase

The FY2019 budget contains an appropriation for a single axle plow truck. On February 22, 2018 the City of Cadillac held a bid opening for a dual axle plow truck. The following bids were received:

Vendor	Year/Model	Bid
GT Diesel Service Traverse City, Michigan	2019 Western Star 4700SB	\$114,500
Freightliner Wyoming, Michigan	2019 Freightliner 114SD	\$115,766
JX Peterbilt Wyoming, Michigan	2019 Peterbilt 367	\$126,559

The City Council awarded the purchase of 2019 Western Star 4700SB to GT Diesel Service, the low bidder, in March 2018. The City contacted GT Diesel Service to determine if they would honor the bid for a second truck. The only difference in the current purchase would be that the new purchase would have a single rear axle instead of a double. This reduces the purchase price to \$109,000. All other specifications on the trucks are identical.

Because of the waiting period for these trucks to be built after they are ordered which can be up to several months, awarding this purchase now should enable the City to place both of these trucks into service in time for snow maintenance activities in the upcoming winter. In addition, purchasing another Western Star would bring three of the City's five frontline plow trucks to the same manufacturer.

Recommended Action

It is recommended that the purchase of one plow truck be awarded to GT Diesel Service for \$109,000. Funds are available in the Stores and Garage Fund.

Re: Contract with Michigan Department of Transportation – Leeson Avenue Construction

The City of Cadillac received a grant from Federal Highway Administration for the reconstruction of a portion of Leeson Avenue from Chestnut Street to West Division Street. The administration of projects in conjunction with this program falls to the Michigan Department of Transportation (MDOT). The City is responsible for engineering-related services for the project, as well as the costs that fall outside of the grant. This primarily includes excess street improvement costs and utility infrastructure costs.

Total grant funds for the project will be \$176,250. After releasing the project for bids, MDOT recently awarded the contract to Malley Construction, Inc. from Mt. Pleasant, MI in the amount of \$590,109.54 which was about 6.25% below original engineering estimates for the project. Of these costs, approximately \$120,000 is for utility costs and the remaining \$470,000 is for the street component. The City will be responsible for approximately \$296,750 (street component costs less Federal funds of \$176,250) which will be paid for from the final remaining funds of the 2016 General Obligation Capital Improvement Bonds.

Recommended Action

It is requested that the City Council approve the agreement with Michigan Department of Transportation for roadway work along Leeson Avenue from Chestnut Street to West Division Street.

PART I

THIS CONTRACT, consisting of PART I and PART II (Standard Agreement Provisions), is made and entered into this date of ________, by and between the MICHIGAN DEPARTMENT OF TRANSPORTATION, hereinafter referred to as the "DEPARTMENT"; and the CITY OF CADILLAC, a Michigan municipal corporation, hereinafter referred to as the "REQUESTING PARTY"; for the purpose of fixing the rights and obligations of the parties in the City of Cadillac, Michigan, hereinafter referred to as the "PROJECT" and estimated in detail on EXHIBIT "I", dated March 26, 2018, attached hereto and made a part hereof:

PART A - FEDERAL PARTICIPATION

Roadway reconstruction work along Leeson Avenue from Chestnut Street to West Division Street; including pavement removal, earth excavation, aggregate base, storm sewer, drainage improvement, hot mix asphalt surfacing, concrete curb and gutter, and concrete sidewalk and ramp work; and all together with necessary related work.

PART B - NO FEDERAL PARTICIPATION

Water main installation work within the limits as described in PART A; and all together with necessary related work.

WITNESSETH:

WHEREAS, pursuant to Federal law, monies have been provided for the performance of certain improvements on public roads; and

WHEREAS, the reference "FHWA" in PART I and PART II refers to the United States Department of Transportation, Federal Highway Administration; and

WHEREAS, the PROJECT, or portions of the PROJECT, at the request of the REQUESTING PARTY, are being programmed with the FHWA, for implementation with the use of Federal Funds under the following Federal program(s) or funding:

SURFACE TRANSPORTATION PROGRAM

WHEREAS, the parties hereto have reached an understanding with each other regarding the performance of the PROJECT work and desire to set forth this understanding in the form of a written contract.

NOW, THEREFORE, in consideration of the premises and of the mutual undertakings of the parties and in conformity with applicable law, it is agreed:

- 1. The parties hereto shall undertake and complete the PROJECT in accordance with the terms of this contract.
- 2. The term "PROJECT COST", as herein used, is hereby defined as the cost of the physical construction necessary for the completion of the PROJECT, including any other costs incurred by the DEPARTMENT as a result of this contract, except for construction engineering and inspection.

No charges will be made by the DEPARTMENT to the PROJECT for any inspection work or construction engineering

The costs incurred by the REQUESTING PARTY for preliminary engineering, construction engineering, construction materials testing, inspection, and right-of-way are excluded from the PROJECT COST as defined by this contract.

3. The DEPARTMENT is authorized by the REQUESTING PARTY to administer on behalf of the REQUESTING PARTY all phases of the PROJECT including advertising and awarding the construction contract for the PROJECT or portions of the PROJECT. Such administration shall be in accordance with PART II, Section II of this contract.

Any items of the PROJECT COST incurred by the DEPARTMENT may be charged to the PROJECT.

- 4. The REQUESTING PARTY, at no cost to the PROJECT or to the DEPARTMENT, shall:
 - A. Design or cause to be designed the plans for the PROJECT.
 - B. Appoint a project engineer who shall be in responsible charge of the PROJECT and ensure that the plans and specifications are followed.

C. Perform or cause to be performed the construction engineering, construction materials testing, and inspection services necessary for the completion of the PROJECT.

The REQUESTING PARTY will furnish the DEPARTMENT proposed timing sequences for trunkline signals that, if any, are being made part of the improvement. No timing adjustments shall be made by the REQUESTING PARTY at any trunkline intersection, without prior issuances by the DEPARTMENT of Standard Traffic Signal Timing Permits.

5. The PROJECT COST shall be met in accordance with the following:

PART A

Federal Surface Transportation Funds shall be applied to the eligible items of the PART A portion of the PROJECT COST up to the lesser of: (1) \$176,250 or (2) an amount such that 81.85 percent, the normal Federal participation ratio for such funds, for the PART A portion of the PROJECT is not exceeded at the time of the award of the construction contract. The balance of the PART A portion of the PROJECT COST, after deduction of Federal Funds, shall be charged to and paid by the REQUESTING PARTY in the manner and at the times hereinafter set forth.

PART B

The PART B portion of the PROJECT COST is not eligible for Federal participation and shall be charged to and paid 100 percent by the REQUESTING PARTY in the manner and at the times hereinafter set forth.

Any items of PROJECT COST not reimbursed by Federal Funds will be the sole responsibility of the REQUESTING PARTY.

6. No working capital deposit will be required for this PROJECT.

In order to fulfill the obligations assumed by the REQUESTING PARTY under the provisions of this contract, the REQUESTING PARTY shall make prompt payments of its share of the PROJECT COST upon receipt of progress billings from the DEPARTMENT as herein provided. All payments will be made within 30 days of receipt of billings from the DEPARTMENT. Billings to the REQUESTING PARTY will be based upon the REQUESTING PARTY'S share of the actual costs incurred less Federal Funds earned as the PROJECT progresses

7. Upon completion of construction of the PROJECT, the REQUESTING PARTY will promptly cause to be enacted and enforced such ordinances or regulations as may be necessary to prohibit parking in the roadway right-of-way throughout the limits of the PROJECT.

8. The performance of the entire PROJECT under this contract, whether Federally funded or not, will be subject to the provisions and requirements of PART II that are applicable to a Federally funded project.

In the event of any discrepancies between PART I and PART II of this contract, the provisions of PART I shall prevail

Buy America Requirements (23 CFR 635.410) shall apply to the PROJECT and will be adhere to, as applicable, by the parties hereto.

9. The REQUESTING PARTY certifies that a) it is a person under the Natural Resources and Environmental Protection Act, MCL 324.20101 et seq., as amended, (NREPA) and is not aware of and has no reason to believe that the property is a facility as defined in the NREPA; b) the REQUESTING PARTY further certifies that it has completed the tasks required by MCL 324.20126 (3)(h); c) it conducted a visual inspection of property within the existing right of way on which construction is to be performed to determine if any hazardous substances were present; and at sites on which historically were located businesses that involved hazardous substances, it performed a reasonable investigation to determine whether hazardous substances exist. This reasonable investigation should include, at a minimum, contact with local, state and federal environmental agencies to determine if the site has been identified as, or potentially as, a site containing hazardous substances; d) it did not cause or contribute to the release or threat of release of any hazardous substance found within the PROJECT limits.

The REQUESTING PARTY also certifies that, in addition to reporting the presence of any hazardous substances to the Department of Environmental Quality, it has advised the DEPARTMENT of the presence of any and all hazardous substances which the REQUESTING PARTY found within the PROJECT limits, as a result of performing the investigation and visual inspection required herein. The REQUESTING PARTY also certifies that it has been unable to identify any entity who may be liable for the cost of remediation. As a result, the REQUESTING PARTY has included all estimated costs of remediation of such hazardous substances in its estimated cost of construction of the PROJECT.

10. If, subsequent to execution of this contract, previously unknown hazardous substances are discovered within the PROJECT limits, which require environmental remediation pursuant to either state or federal law, the REQUESTING PARTY, in addition to reporting that fact to the Department of Environmental Quality, shall immediately notify the DEPARTMENT, both orally and in writing of such discovery. The DEPARTMENT shall consult with the REQUESTING PARTY to determine if it is willing to pay for the cost of remediation and, with the FHWA, to determine the eligibility, for reimbursement, of the remediation costs. The REQUESTING PARTY shall be charged for and shall pay all costs associated with such remediation, including all delay costs of the contractor for the PROJECT, in the event that remediation and delay costs are not deemed eligible by the FHWA.

If the REQUESTING PARTY refuses to participate in the cost of remediation, the DEPARTMENT shall terminate the PROJECT. The parties agree that any costs or damages that the DEPARTMENT incurs as a result of such termination shall be considered a PROJECT COST.

- 11. If federal and/or state funds administered by the DEPARTMENT are used to pay the cost of remediating any hazardous substances discovered after the execution of this contract and if there is a reasonable likelihood of recovery, the REQUESTING PARTY, in cooperation with the Department of Environmental Quality and the DEPARTMENT, shall make a diligent effort to recover such costs from all other possible entities. If recovery is made, the DEPARTMENT shall be reimbursed from such recovery for the proportionate share of the amount paid by the FHWA and/or the DEPARTMENT and the DEPARTMENT shall credit such sums to the appropriate funding source.
- 12. The DEPARTMENT'S sole reason for entering into this contract is to enable the REQUESTING PARTY to obtain and use funds provided by the Federal Highway Administration pursuant to Title 23 of the United States Code.

Any and all approvals of, reviews of, and recommendations regarding contracts, agreements, permits, plans, specifications, or documents, of any nature, or any inspections of work by the DEPARTMENT or its agents pursuant to the terms of this contract are done to assist the REQUESTING PARTY in meeting program guidelines in order to qualify for available funds. Such approvals, reviews, inspections and recommendations by the DEPARTMENT or its agents shall not relieve the REQUESTING PARTY and the local agencies, as applicable, of their ultimate control and shall not be construed as a warranty of their propriety or that the DEPARTMENT or its agents is assuming any liability, control or jurisdiction.

The providing of recommendations or advice by the DEPARTMENT or its agents does not relieve the REQUESTING PARTY and the local agencies, as applicable of their exclusive jurisdiction of the highway and responsibility under MCL 691.1402 et seq., as amended.

When providing approvals, reviews and recommendations under this contract, the DEPARTMENT or its agents is performing a governmental function, as that term is defined in MCL 691.1401 et seq., as amended, which is incidental to the completion of the PROJECT.

13. The DEPARTMENT, by executing this contract, and rendering services pursuant to this contract, has not and does not assume jurisdiction of the highway, described as the PROJECT for purposes of MCL 691.1402 et seq., as amended. Exclusive jurisdiction of such highway for the purposes of MCL 691.1402 et seq., as amended, rests with the REQUESTING PARTY and other local agencies having respective jurisdiction.

- 14. The REQUESTING PARTY shall approve all of the plans and specifications to be used on the PROJECT and shall be deemed to have approved all changes to the plans and specifications when put into effect. It is agreed that ultimate responsibility and control over the PROJECT rests with the REQUESTING PARTY and local agencies, as applicable.
- 15. The REQUESTING PARTY agrees that the costs reported to the DEPARTMENT for this contract will represent only those items that are properly chargeable in accordance with this contract. The REQUESTING PARTY also certifies that it has read the contract terms and has made itself aware of the applicable laws, regulations, and terms of this contract that apply to the reporting of costs incurred under the terms of this contract.
- 16. Each party to this contract will remain responsible for any and all claims arising out of its own acts and/or omissions during the performance of the contract, as provided by this contract or by law. In addition, this is not intended to increase or decrease either party's liability for or immunity from tort claims. This contract is also not intended to nor will it be interpreted as giving either party a right of indemnification, either by contract or by law, for claims arising out of the performance of this contract.
- 17. The parties shall promptly provide comprehensive assistance and cooperation in defending and resolving any claims brought against the DEPARTMENT by the contractor, vendors or suppliers as a result of the DEPARTMENT'S award of the construction contract for the PROJECT. Costs incurred by the DEPARTMENT in defending or resolving such claims shall be considered PROJECT COSTS.
- 18. The DEPARTMENT shall require the contractor who is awarded the contract for the construction of the PROJECT to provide insurance in the amounts specified and in accordance with the DEPARTMENT'S current Standard Specifications for Construction and to:
 - A. Maintain bodily injury and property damage insurance for the duration of the PROJECT.
 - B. Provide owner's protective liability insurance naming as insureds the State of Michigan, the Michigan State Transportation Commission, the DEPARTMENT and its officials, agents and employees, the REQUESTING PARTY and any other county, county road commission, or municipality in whose jurisdiction the PROJECT is located, and their employees, for the duration of the PROJECT and to provide, upon request, copies of certificates of insurance to the insureds. It is understood that the DEPARTMENT does not assume jurisdiction of the highway described as the PROJECT as a result of being named as an insured on the owner's protective liability insurance policy.

C. Comply with the requirements of notice of cancellation and reduction of insurance set forth in the current standard specifications for construction and to provide, upon request, copies of notices and reports prepared to those insured.

19. This contract shall become binding on the parties hereto and of full force and effect upon the signing thereof by the duly authorized officials for the parties hereto and upon the adoption of the necessary resolutions approving said contract and authorizing the signatures thereto of the respective officials of the REQUESTING PARTY, a certified copy of which resolution shall be attached to this contract.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed the day and year first above written.

SECTION I

COMPLIANCE WITH REGULATIONS AND DIRECTIVES

- A. To qualify for eligible cost, all work shall be documented in accordance with the requirements and procedures of the DEPARTMENT.
- B. All work on projects for which reimbursement with Federal funds is requested shall be performed in accordance with the requirements and guidelines set forth in the following Directives of the Federal-Aid Policy Guide (FAPG) of the FHWA, as applicable, and as referenced in pertinent sections of Title 23 and Title 49 of the Code of Federal Regulations (CFR), and all supplements and amendments thereto.

1. Engineering

- a. FAPG (6012.1): Preliminary Engineering
- b. FAPG (23 CFR 172): Administration of Engineering and Design Related Service Contracts
- c. FAPG (23 CFR 635A): Contract Procedures
- d. FAPG (49 CFR 18.22): Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments-Allowable Costs

2. Construction

- a. FAPG (23 CFR 140E): Administrative Settlement Costs-Contract Claims
- b. FAPG (23 CFR 140B): Construction Engineering Costs
- c. FAPG (23 CFR 17): Recordkeeping and Retention Requirements for Federal-Aid Highway Records of State Highway Agencies
- d. FAPG (23 CFR 635A): Contract Procedures
- e. FAPG (23 CFR 635B): Force Account Construction
- f. FAPG (23 CFR 645A): Utility Relocations, Adjustments and Reimbursement

- g. FAPG (23 CFR 645B): Accommodation of Utilities (PPM 30-4.1)
- h. FAPG (23 CFR 655F): Traffic Control Devices on Federal-Aid and other Streets and Highways
- FAPG (49 CFR 18.22): Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments—Allowable Costs
- 3. Modification Or Construction Of Railroad Facilities
 - a. FAPG (23 CFR 140I): Reimbursement for Railroad Work
 - b. FAPG (23 CFR 646B): Railroad Highway Projects
- C. In conformance with FAPG (23 CFR 630C) Project Agreements, the political subdivisions party to this contract, on those Federally funded projects which exceed a total cost of \$100,000.00 stipulate the following with respect to their specific jurisdictions:
 - 1. That any facility to be utilized in performance under or to benefit from this contract is not listed on the Environmental Protection Agency (EPA) List of Violating Facilities issued pursuant to the requirements of the Federal Clean Air Act, as amended, and the Federal Water Pollution Control Act, as amended.
 - 2. That they each agree to comply with all of the requirements of Section 114 of the Federal Clean Air Act and Section 308 of the Federal Water Pollution Control Act, and all regulations and guidelines issued thereunder.
 - 3. That as a condition of Federal aid pursuant to this contract they shall notify the DEPARTMENT of the receipt of any advice indicating that a facility to be utilized in performance under or to benefit from this contract is under consideration to be listed on the EPA List of Violating Facilities.
- D. Ensure that the PROJECT is constructed in accordance with and incorporates all committed environmental impact mitigation measures listed in approved environmental documents unless modified or deleted by approval of the FHWA.
- E. All the requirements, guidelines, conditions and restrictions noted in all other pertinent Directives and Instructional Memoranda of the FHWA will apply to this contract and will be adhered to, as applicable, by the parties hereto.

SECTION II

PROJECT ADMINISTRATION AND SUPERVISION

- A. The DEPARTMENT shall provide such administrative guidance as it determines is required by the PROJECT in order to facilitate the obtaining of available federal and/or state funds.
- B. The DEPARTMENT will advertise and award all contracted portions of the PROJECT work. Prior to advertising of the PROJECT for receipt of bids, the REQUESTING PARTY may delete any portion or all of the PROJECT work. After receipt of bids for the PROJECT, the REQUESTING PARTY shall have the right to reject the amount bid for the PROJECT prior to the award of the contract for the PROJECT only if such amount exceeds by ten percent (10%) the final engineer's estimate therefor. If such rejection of the bids is not received in writing within two (2) weeks after letting, the DEPARTMENT will assume concurrence. The DEPARTMENT may, upon request, readvertise the PROJECT. Should the REQUESTING PARTY so request in writing within the aforesaid two (2) week period after letting, the PROJECT will be cancelled and the DEPARTMENT will refund the unused balance of the deposit less all costs incurred by the DEPARTMENT.
- C. The DEPARTMENT will perform such inspection services on PROJECT work performed by the REQUESTING PARTY with its own forces as is required to ensure compliance with the approved plans & specifications.
- D. On those projects funded with Federal monies, the DEPARTMENT shall as may be required secure from the FHWA approval of plans and specifications, and such cost estimates for FHWA participation in the PROJECT COST.
- E. All work in connection with the PROJECT shall be performed in conformance with the Michigan Department of Transportation Standard Specifications for Construction, and the supplemental specifications, Special Provisions and plans pertaining to the PROJECT and all materials furnished and used in the construction of the PROJECT shall conform to the aforesaid specifications. No extra work shall be performed nor changes in plans and specifications made until said work or changes are approved by the project engineer and authorized by the DEPARTMENT.

F. Should it be necessary or desirable that portions of the work covered by this contract be accomplished by a consulting firm, a railway company, or governmental agency, firm, person, or corporation, under a subcontract with the REQUESTING PARTY at PROJECT expense, such subcontracted arrangements will be covered by formal written agreement between the REQUESTING PARTY and that party.

This formal written agreement shall: include a reference to the specific prime contract to which it pertains; include provisions which clearly set forth the maximum reimbursable and the basis of payment; provide for the maintenance of accounting records in accordance with generally accepted accounting principles, which clearly document the actual cost of the services provided; provide that costs eligible for reimbursement shall be in accordance with clearly defined cost criteria such as 49 CFR Part 18, 48 CFR Part 31, 23 CFR Part 140, OMB Circular A-87, etc. as applicable; provide for access to the department or its representatives to inspect and audit all data and records related to the agreement for a minimum of three years after the department's final payment to the local unit.

All such agreements will be submitted for approval by the DEPARTMENT and, if applicable, by the FHWA prior to execution thereof, except for agreements for amounts less than \$100,000 for preliminary engineering and testing services executed under and in accordance with the provisions of the "Small Purchase Procedures" FAPG (23 CFR 172), which do not require prior approval of the DEPARTMENT or the FHWA.

Any such approval by the DEPARTMENT shall in no way be construed as a warranty of the subcontractor's qualifications, financial integrity, or ability to perform the work being subcontracted.

- G. The REQUESTING PARTY, at no cost to the PROJECT or the DEPARTMENT, shall make such arrangements with railway companies, utilities, etc., as may be necessary for the performance of work required for the PROJECT but for which Federal or other reimbursement will not be requested.
- H. The REQUESTING PARTY, at no cost to the PROJECT, or the DEPARTMENT, shall secure, as necessary, all agreements and approvals of the PROJECT with railway companies, the Railroad Safety & Tariffs Division of the DEPARTMENT and other concerned governmental agencies other than the FHWA, and will forward same to the DEPARTMENT for such reviews and approvals as may be required.
- I. No PROJECT work for which reimbursement will be requested by the REQUESTING PARTY is to be subcontracted or performed until the DEPARTMENT gives written notification that such work may commence.

- J. The REQUESTING PARTY shall be responsible for the payment of all costs and expenses incurred in the performance of the work it agrees to undertake and perform.
- K. The REQUESTING PARTY shall pay directly to the party performing the work all billings for the services performed on the PROJECT which are authorized by or through the REQUESTING PARTY.
- L. The REQUESTING PARTY shall submit to the DEPARTMENT all paid billings for which reimbursement is desired in accordance with DEPARTMENT procedures.
- M. All work by a consulting firm will be performed in compliance with the applicable provisions of 1980 PA 299, Subsection 2001, MCL 339.2001; MSA 18.425(2001), as well as in accordance with the provisions of all previously cited Directives of the FHWA.
- N. The project engineer shall be subject to such administrative guidance as may be deemed necessary to ensure compliance with program requirement and, in those instances where a consultant firm is retained to provide engineering and inspection services, the personnel performing those services shall be subject to the same conditions.
- O. The DEPARTMENT, in administering the PROJECT in accordance with applicable Federal and State requirements and regulations, neither assumes nor becomes liable for any obligations undertaken or arising between the REQUESTING PARTY and any other party with respect to the PROJECT.
- P. In the event it is determined by the DEPARTMENT that there will be either insufficient Federal funds or insufficient time to properly administer such funds for the entire PROJECT or portions thereof, the DEPARTMENT, prior to advertising or issuing authorization for work performance, may cancel the PROJECT, or any portion thereof, and upon written notice to the parties this contract shall be void and of no effect with respect to that cancelled portion of the PROJECT. Any PROJECT deposits previously made by the parties on the cancelled portions of the PROJECT will be promptly refunded.
- Q. Those projects funded with Federal monies will be subject to inspection at all times by the DEPARTMENT and the FHWA.

6

SECTION III

ACCOUNTING AND BILLING

- A. Procedures for billing for work undertaken by the REQUESTING PARTY:
 - The REQUESTING PARTY shall establish and maintain accurate records, in accordance with generally accepted accounting principles, of all expenses incurred for which payment is sought or made under this contract, said records to be hereinafter referred to as the "RECORDS". Separate accounts shall be established and maintained for all costs incurred under this contract.

The REQUESTING PARTY shall maintain the RECORDS for at least three (3) years from the date of final payment of Federal Aid made by the DEPARTMENT under this contract. In the event of a dispute with regard to the allowable expenses or any other issue under this contract, the REQUESTING PARTY shall thereafter continue to maintain the RECORDS at least until that dispute has been finally decided and the time for all available challenges or appeals of that decision has expired.

The DEPARTMENT, or its representative, may inspect, copy, or audit the RECORDS at any reasonable time after giving reasonable notice.

If any part of the work is subcontracted, the REQUESTING PARTY shall assure compliance with the above for all subcontracted work.

In the event that an audit performed by or on behalf of the DEPARTMENT indicates an adjustment to the costs reported under this contract, or questions the allowability of an item of expense, the DEPARTMENT shall promptly submit to the REQUESTING PARTY, a Notice of Audit Results and a copy of the audit report which may supplement or modify any tentative findings verbally communicated to the REQUESTING PARTY at the completion of an audit.

Within sixty (60) days after the date of the Notice of Audit Results, the REQUESTING PARTY shall: (a) respond in writing to the responsible Bureau or the DEPARTMENT indicating whether or not it concurs with the audit report, (b) clearly explain the nature and basis for any disagreement as to a disallowed item of expense and, (c) submit to the DEPARTMENT a written explanation as to any questioned or no opinion expressed item of expense, hereinafter referred to as the "RESPONSE". The RESPONSE shall be clearly stated and provide any supporting documentation necessary to resolve any disagreement or questioned or no opinion expressed item of expense. Where the documentation is voluminous, the REQUESTING PARTY may supply appropriate excerpts and make alternate

arrangements to conveniently and reasonably make that documentation available for review by the DEPARTMENT. The RESPONSE shall refer to and apply the language of the contract. The REQUESTING PARTY agrees that failure to submit a RESPONSE within the sixty (60) day period constitutes agreement with any disallowance of an item of expense and authorizes the DEPARTMENT to finally disallow any items of questioned or no opinion expressed cost.

The DEPARTMENT shall make its decision with regard to any Notice of Audit Results and RESPONSE within one hundred twenty (120) days after the date of the Notice of Audit Results. If the DEPARTMENT determines that an overpayment has been made to the REQUESTING PARTY, the REQUESTING PARTY shall repay that amount to the DEPARTMENT or reach agreement with the DEPARTMENT on a repayment schedule within thirty (30) days after the date of an invoice from the DEPARTMENT. If the REQUESTING PARTY fails to repay the overpayment or reach agreement with the DEPARTMENT on a repayment schedule within the thirty (30) day period, the REQUESTING PARTY agrees that the DEPARTMENT shall deduct all or a portion of the overpayment from any funds then or thereafter payable by the DEPARTMENT to the REQUESTING PARTY under this contract or any other agreement, or payable to the REOUESTING PARTY under the terms of 1951 PA 51, as applicable. Interest will be assessed on any partial payments or repayment schedules based on the unpaid balance at the end of each month until the balance is paid in full. The assessment of interest will begin thirty (30) days from the date of the invoice. The rate of interest will be based on the Michigan Department of Treasury common cash funds interest earnings. The rate of interest will be reviewed annually by the DEPARTMENT and adjusted as necessary based on the Michigan Department of Treasury common cash funds interest earnings. REQUESTING PARTY expressly consents to this withholding or offsetting of funds under those circumstances, reserving the right to file a lawsuit in the Court of Claims to contest the DEPARTMENT'S decision only as to any item of expense the disallowance of which was disputed by the REQUESTING PARTY in a timely filed RESPONSE.

The REQUESTING PARTY shall comply with the Single Audit Act of 1984, as amended, including, but not limited to, the Single Audit Amendments of 1996 (31 USC 7501-7507).

The REQUESTING PARTY shall adhere to the following requirements associated with audits of accounts and records:

a. Agencies expending a total of \$500,000 or more in federal funds, from one or more funding sources in its fiscal year, shall comply with the requirements of the federal Office of Management and Budget (OMB) Circular A-133, as revised or amended.

The agency shall submit two copies of:

The Reporting Package
The Data Collection Form
The management letter to the agency, if one issued by the audit firm

The OMB Circular A-133 audit must be submitted to the address below in accordance with the time frame established in the circular, as revised or amended.

b. Agencies expending less than \$500,000 in federal funds must submit a letter to the Department advising that a circular audit was not required. The letter shall indicate the applicable fiscal year, the amount of federal funds spent, the name(s) of the Department federal programs, and the CFDA grant number(s). This information must also be submitted to the address below.

c. Address: Michigan Department of Education
Accounting Service Center
Hannah Building
608 Allegan Street
Lansing, MI 48909

- d. Agencies must also comply with applicable State laws and regulations relative to audit requirements.
- e. Agencies shall not charge audit costs to Department's federal programs which are not in accordance with the OMB Circular A-133 requirements.
- f. All agencies are subject to the federally required monitoring activities, which may include limited scope reviews and other on-site monitoring.
- 2. Agreed Unit Prices Work All billings for work undertaken by the REQUESTING PARTY on an agreed unit price basis will be submitted in accordance with the Michigan Department of Transportation Standard Specifications for Construction and pertinent FAPG Directives and Guidelines of the FHWA.
- 3. Force Account Work and Subcontracted Work All billings submitted to the DEPARTMENT for Federal reimbursement for items of work performed on a force account basis or by any subcontract with a consulting firm, railway company, governmental agency or other party, under the terms of this contract, shall be prepared in accordance with the provisions of the pertinent FHPM Directives and the procedures of the DEPARTMENT. Progress billings may be submitted monthly during the time work is being performed provided, however, that no bill of a lesser amount than \$1,000.00 shall be submitted unless it is a final

- or end of fiscal year billing. All billings shall be labeled either "Progress Bill Number _____", or "Final Billing".
- 4. Final billing under this contract shall be submitted in a timely manner but not later than six months after completion of the work. Billings for work submitted later than six months after completion of the work will not be paid.
- 5. Upon receipt of billings for reimbursement for work undertaken by the REQUESTING PARTY on projects funded with Federal monies, the DEPARTMENT will act as billing agent for the REQUESTING PARTY, consolidating said billings with those for its own force account work and presenting these consolidated billings to the FHWA for payment. Upon receipt of reimbursement from the FHWA, the DEPARTMENT will promptly forward to the REQUESTING PARTY its share of said reimbursement.
- 6. Upon receipt of billings for reimbursement for work undertaken by the REQUESTING PARTY on projects funded with non-Federal monies, the DEPARTMENT will promptly forward to the REQUESTING PARTY reimbursement of eligible costs.

B. Payment of Contracted and DEPARTMENT Costs:

1. As work on the PROJECT commences, the initial payments for contracted work and/or costs incurred by the DEPARTMENT will be made from the working capital deposit. Receipt of progress payments of Federal funds, and where applicable, State Critical Bridge funds, will be used to replenish the working capital deposit. The REQUESTING PARTY shall make prompt payments of its share of the contracted and/or DEPARTMENT incurred portion of the PROJECT COST upon receipt of progress billings from the DEPARTMENT. billings will be based upon the REQUESTING PARTY'S share of the actual costs incurred as work on the PROJECT progresses and will be submitted, as required, until it is determined by the DEPARTMENT that there is sufficient available working capital to meet the remaining anticipated PROJECT COSTS. progress payments will be made within thirty (30) days of receipt of billings. No monthly billing of a lesser amount than \$1,000.00 will be made unless it is a final or end of fiscal year billing. Should the DEPARTMENT determine that the available working capital exceeds the remaining anticipated PROJECT COSTS, the DEPARTMENT may reimburse the REQUESTING PARTY such excess. Upon completion of the PROJECT, payment of all PROJECT COSTS, receipt of all applicable monies from the FHWA, and completion of necessary audits, the REQUESTING PARTY will be reimbursed the balance of its deposit.

 In the event that the bid, plus contingencies, for the contracted, and/or the DEPARTMENT incurred portion of the PROJECT work exceeds the estimated cost therefor as established by this contract, the REQUESTING PARTY may be advised and billed for the additional amount of its share.

C. General Conditions:

- 1. The DEPARTMENT, in accordance with its procedures in existence and covering the time period involved, shall make payment for interest earned on the balance of working capital deposits for all projects on account with the DEPARTMENT. The REQUESTING PARTY in accordance with DEPARTMENT procedures in existence and covering the time period involved, shall make payment for interest owed on any deficit balance of working capital deposits for all projects on account with the DEPARTMENT. This payment or billing is processed on an annual basis corresponding to the State of Michigan fiscal year. Upon receipt of billing for interest incurred, the REQUESTING PARTY promises and shall promptly pay the DEPARTMENT said amount.
- Pursuant to the authority granted by law, the REQUESTING PARTY hereby irrevocably pledges a sufficient amount of funds received by it from the Michigan Transportation Fund to meet its obligations as specified in PART I and PART II. If the REQUESTING PARTY shall fail to make any of its required payments when due, as specified herein, the DEPARTMENT shall immediately notify the REQUESTING PARTY and the State Treasurer of the State of Michigan or such other state officer or agency having charge and control over disbursement of the Michigan Transportation Fund, pursuant to law, of the fact of such default and the amount thereof, and, if such default is not cured by payment within ten (10) days, said State Treasurer or other state officer or agency is then authorized and directed to withhold from the first of such monies thereafter allocated by law to the REQUESTING PARTY from the Michigan Transportation Fund sufficient monies to remove the default, and to credit the REQUESTING PARTY with payment thereof, and to notify the REQUESTING PARTY in writing of such fact.
- 3. Upon completion of all work under this contract and final audit by the DEPARTMENT or the FHWA, the REQUESTING PARTY promises to promptly repay the DEPARTMENT for any disallowed items of costs previously disbursed by the DEPARTMENT. The REQUESTING PARTY pledges its future receipts from the Michigan Transportation Fund for repayment of all disallowed items and, upon failure to make repayment for any disallowed items within ninety (90) days of demand made by the DEPARTMENT, the DEPARTMENT is hereby authorized to withhold an equal amount from the REQUESTING PARTY'S share of any future distribution of Michigan Transportation Funds in settlement of said claim.

11

- 4. The DEPARTMENT shall maintain and keep accurate records and accounts relative to the cost of the PROJECT and upon completion of the PROJECT, payment of all items of PROJECT COST, receipt of all Federal Aid, if any, and completion of final audit by the DEPARTMENT and if applicable, by the FHWA, shall make final accounting to the REQUESTING PARTY. The final PROJECT accounting will not include interest earned or charged on working capital deposited for the PROJECT which will be accounted for separately at the close of the State of Michigan fiscal year and as set forth in Section C(1).
- 5. The costs of engineering and other services performed on those projects involving specific program funds and one hundred percent (100%) local funds will be apportioned to the respective portions of that project in the same ratio as the actual direct construction costs unless otherwise specified in PART I.

SECTION IV

MAINTENANCE AND OPERATION

A. Upon completion of construction of each part of the PROJECT, at no cost to the DEPARTMENT or the PROJECT, each of the parties hereto, within their respective jurisdictions, will make the following provisions for the maintenance and operation of the completed PROJECT:

1. All Projects:

Properly maintain and operate each part of the project, making ample provisions each year for the performance of such maintenance work as may be required, except as qualified in paragraph 2b of this section.

- 2. Projects Financed in Part with Federal Monies:
 - a. Sign and mark each part of the PROJECT, in accordance with the current Michigan Manual of Uniform Traffic control Devices, and will not install, or permit to be installed, any signs, signals or markings not in conformance with the standards approved by the FHWA, pursuant to 23 USC 109(d).
 - b. Remove, prior to completion of the PROJECT, all encroachments from the roadway right-of-way within the limits of each part of the PROJECT.

With respect to new or existing utility installations within the right-of-way of Federal Aid projects and pursuant to FAPG (23 CFR 645B): Occupancy of non-limited access right-of-way may be allowed based on consideration for traffic safety and necessary preservation of roadside space and aesthetic quality. Longitudinal occupancy of non-limited access right-of-way by private lines will require a finding of significant economic hardship, the unavailability of practicable alternatives or other extenuating circumstances.

- c. Cause to be enacted, maintained and enforced, ordinances and regulations for proper traffic operations in accordance with the plans of the PROJECT.
- d. Make no changes to ordinances or regulations enacted, or traffic controls installed in conjunction with the PROJECT work without prior review by the DEPARTMENT and approval of the FHWA, if required.

- B. On projects for the removal of roadside obstacles, the parties, upon completion of construction of each part of the PROJECT, at no cost to the PROJECT or the DEPARTMENT, will, within their respective jurisdictions, take such action as is necessary to assure that the roadway right-of-way, cleared as the PROJECT, will be maintained free of such obstacles.
- C. On projects for the construction of bikeways, the parties will enact no ordinances or regulations prohibiting the use of bicycles on the facility hereinbefore described as the PROJECT, and will amend any existing restrictive ordinances in this regard so as to allow use of this facility by bicycles. No motorized vehicles shall be permitted on such bikeways or walkways constructed as the PROJECT except those for maintenance purposes.
- D. Failure of the parties hereto to fulfill their respective responsibilities as outlined herein may disqualify that party from future Federal-aid participation in projects on roads or streets for which it has maintenance responsibility. Federal Aid may be withheld until such time as deficiencies in regulations have been corrected, and the improvements constructed as the PROJECT are brought to a satisfactory condition of maintenance.

SECTION V

SPECIAL PROGRAM AND PROJECT CONDITIONS

- A. Those projects for which the REQUESTING PARTY has been reimbursed with Federal monies for the acquisition of right-of-way must be under construction by the close of the twentieth (20th) fiscal year following the fiscal year in which the FHWA and the DEPARTMENT projects agreement covering that work is executed, or the REQUESTING PARTY may be required to repay to the DEPARTMENT, for forwarding to the FHWA, all monies distributed as the FHWA'S contribution to that right-of-way.
- B. Those projects for which the REQUESTING PARTY has been reimbursed with Federal monies for the performance of preliminary engineering must be under construction by the close of the tenth (10th) fiscal year following the fiscal year in which the FHWA and the DEPARTMENT projects agreement covering that work is executed, or the REQUESTING PARTY may be required to repay to the DEPARTMENT, for forwarding to the FHWA, all monies distributed as the FHWA'S contribution to that preliminary engineering.
- C. On those projects funded with Federal monies, the REQUESTING PARTY, at no cost to the PROJECT or the DEPARTMENT, will provide such accident information as is available and such other information as may be required under the program in order to make the proper assessment of the safety benefits derived from the work performed as the PROJECT. The REQUESTING PARTY will cooperate with the DEPARTMENT in the development of reports and such analysis as may be required and will, when requested by the DEPARTMENT, forward to the DEPARTMENT, in such form as is necessary, the required information.
- D. In connection with the performance of PROJECT work under this contract the parties hereto (hereinafter in Appendix "A" referred to as the "contractor") agree to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts", as set forth in Appendix A, attached hereto and made a part hereof. The parties further covenant that they will comply with the Civil Rights Acts of 1964, being P.L. 88-352, 78 Stat. 241, as amended, being Title 42 U.S.C. Sections 1971, 1975a-1975d, and 2000a-2000h-6 and the Regulations of the United States Department of Transportation (49 C.F.R. Part 21) issued pursuant to said Act, including Appendix "B", attached hereto and made a part hereof, and will require similar covenants on the part of any contractor or subcontractor employed in the performance of this contract.
- E. The parties will carry out the applicable requirements of the DEPARTMENT'S Disadvantaged Business Enterprise (DBE) program and 49 CFR, Part 26, including, but not limited to, those requirements set forth in Appendix C.

APPENDIX A PROHIBITION OF DISCRIMINATION IN STATE CONTRACTS

In connection with the performance of work under this contract; the contractor agrees as follows:

- 1. In accordance with Public Act 453 of 1976 (Elliott-Larsen Civil Rights Act), the contractor shall not discriminate against an employee or applicant for employment with respect to hire, tenure, treatment, terms, conditions, or privileges of employment or a matter directly or indirectly related to employment because of race, color, religion, national origin, age, sex, height, weight, or marital status. A breach of this covenant will be regarded as a material breach of this contract. Further, in accordance with Public Act 220 of 1976 (Persons with Disabilities Civil Rights Act), as amended by Public Act 478 of 1980, the contractor shall not discriminate against any employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment or a matter directly or indirectly related to employment because of a disability that is unrelated to the individual's ability to perform the duties of a particular job or position. A breach of the above covenants will be regarded as a material breach of this contract.
- 2. The contractor hereby agrees that any and all subcontracts to this contract, whereby a portion of the work set forth in this contract is to be performed, shall contain a covenant the same as hereinabove set forth in Section 1 of this Appendix.
- 3. The contractor will take affirmative action to ensure that applicants for employment and employees are treated without regard to their race, color, religion, national origin, age, sex, height, weight, marital status, or any disability that is unrelated to the individual's ability to perform the duties of a particular job or position. Such action shall include, but not be limited to, the following: employment; treatment; upgrading; demotion or transfer; recruitment; advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
- 4. The contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, age, sex, height, weight, marital status, or disability that is unrelated to the individual's ability to perform the duties of a particular job or position.
- 5. The contractor or its collective bargaining representative shall send to each labor union or representative of workers with which the contractor has a collective bargaining agreement or other contract or understanding a notice advising such labor union or workers' representative of the contractor's commitments under this Appendix.
- 6. The contractor shall comply with all relevant published rules, regulations, directives, and orders of the Michigan Civil Rights Commission that may be in effect prior to the taking of bids for any individual state project.

- 7. The contractor shall furnish and file compliance reports within such time and upon such forms as provided by the Michigan Civil Rights Commission; said forms may also elicit information as to the practices, policies, program, and employment statistics of each subcontractor, as well as the contractor itself, and said contractor shall permit access to the contractor's books, records, and accounts by the Michigan Civil Rights Commission and/or its agent for the purposes of investigation to ascertain compliance under this contract and relevant rules, regulations, and orders of the Michigan Civil Rights Commission.
- 8. In the event that the Michigan Civil Rights Commission finds, after a hearing held pursuant to its rules, that a contractor has not complied with the contractual obligations under this contract, the Michigan Civil Rights Commission may, as a part of its order based upon such findings, certify said findings to the State Administrative Board of the State of Michigan, which State Administrative Board may order the cancellation of the contract found to have been violated and/or declare the contractor ineligible for future contracts with the state and its political and civil subdivisions, departments, and officers, including the governing boards of institutions of higher education, until the contractor complies with said order of the Michigan Civil Rights Commission, Notice of said declaration of future ineligibility may be given to any or all of the persons with whom the contractor is declared ineligible to contract as a contracting party in future contracts. In any case before the Michigan Civil Rights Commission in which cancellation of an existing contract is a possibility, the contracting agency shall be notified of such possible remedy and shall be given the option by the Michigan Civil Rights Commission to participate in such proceedings.
- 9. The contractor shall include or incorporate by reference, the provisions of the foregoing paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Michigan Civil Rights Commission; all subcontracts and purchase orders will also state that said provisions will be binding upon each subcontractor or supplier.

APPENDIX B TITLE VI ASSURANCE

During the performance of this contract, the contractor, for itself, its assignees, and its successors in interest (hereinafter referred to as the "contractor"), agrees as follows:

- 1. <u>Compliance with Regulations</u>: For all federally assisted programs, the contractor shall comply with the nondiscrimination regulations set forth in 49 CFR Part 21, as may be amended from time to time (hereinafter referred to as the Regulations). Such Regulations are incorporated herein by reference and made a part of this contract.
- 2. <u>Nondiscrimination</u>: The contractor, with regard to the work performed under the contract, shall not discriminate on the grounds of race, color, sex, or national origin in the selection, retention, and treatment of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices, when the contractor covers a program set forth in Appendix B of the Regulations.
- 3. Solicitation for Subcontracts, Including Procurements of Materials and Equipment:
 All solicitations made by the contractor, either by competitive bidding or by negotiation for subcontract work, including procurement of materials or leases of equipment, must include a notification to each potential subcontractor or supplier of the contractor's obligations under the contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
- 4. <u>Information and Reports</u>: The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and facilities as may be determined to be pertinent by the Department or the United States Department of Transportation (USDOT) in order to ascertain compliance with such Regulations or directives. If required information concerning the contractor is in the exclusive possession of another who fails or refuses to furnish the required information, the contractor shall certify to the Department or the USDOT, as appropriate, and shall set forth the efforts that it made to obtain the information.
- 5. <u>Sanctions for Noncompliance</u>: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the Department shall impose such contract sanctions as it or the USDOT may determine to be appropriate, including, but not limited to, the following:
 - a. Withholding payments to the contractor until the contractor complies; and/or
 - b. Canceling, terminating, or suspending the contract, in whole or in part.

6. <u>Incorporation of Provisions</u>: The contractor shall include the provisions of Sections (1) through (6) in every subcontract, including procurement of material and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The contractor shall take such action with respect to any subcontract or procurement as the Department or the USDOT may direct as a means of enforcing such provisions, including sanctions for non-compliance, provided, however, that in the event a contractor becomes involved in or is threatened with litigation from a subcontractor or supplier as a result of such direction, the contractor may request the Department to enter into such litigation to protect the interests of the state. In addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

APPENDIX C

TO BE INCLUDED IN ALL FINANCIAL ASSISTANCE AGREEMENTS WITH LOCAL AGENCIES

Assurance that Recipients and Contractors Must Make (Excerpts from US DOT Regulation 49 CFR 26.13)

A. Each financial assistance agreement signed with a DOT operating administration (or a primary recipient) must include the following assurance:

The recipient shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any US DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR Part 26. The recipient shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of US DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR Part 26 and as approved by US DOT, is incorporated by reference in this Implementation of this program is a legal agreement. obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the department may impose sanctions as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

B. Each contract MDOT signs with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following assurance:

The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of US DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

Council Communication

Re: Demolition of Fire Damaged Structure at 434 Stimson St

On March 9, 2018, the Cadillac Fire Department responded to a reported basement fire at 434 Stimson St. The damage to the home itself was significant. Portions of the roof had burned through, the second floor had collapsed into the first floor, and the first floor had collapsed into the basement. Furthermore, damage to the walls increased the risk to the neighborhood. Fortunately, firefighters were successful in preventing damage to either of the adjoining structures.

During the fire investigation, it was determined that the property owner did not have insurance. The owner was granted a limited amount of time to abate any dangers, but to date has not taken any steps toward remediating any of the dangers posed by the building. The owner has also not contacted the City, nor returned any of the City's calls.

Given the lack of action on the owner's part, the building was condemned on April 11, 2018. Due to the potential risk to the neighborhood, City staff intended to fund the demolition through emergency purchasing. While working with the City Attorney, staff attempted to secure three quotes from vendors who could demolish what would be an asbestos containing building. The City received two quotes, while a third vendor did not respond. Pitsch Companies provided a quote of \$19,500, while Northern A-1 was quoted at \$24,900.

In order to minimize risk to the City, it was determined that the best course of action would be to seek a court order requiring demolition of the building which caused a slight delay in the emergency demolition. The Circuit Court is now scheduled to hear the case on Wednesday, May 30. Assuming a court order will be granted, Pitsch Companies has stated that they can begin work within two days of authorization. As part of the City's request to the court, the costs of the demolition and associated legal fees will be added to the property taxes in the form of a lien.

Recommended Action

It is requested that the City Council waive competitive bidding and contract Pitsch Companies to provide the necessary demolition services at 434 Stimson St.

Council Communication

Re: Extension of Refuse Removal Contract with Republic Services

On June 3, 2013 the City Council awarded a 5-year contract for city-wide residential refuse removal to Republic Services. This contract included the option to extend the contract for two two-year periods. This original contract expires on June 30, 2018 and both the City and Republic Services are interested in extending the relationship.

Over the last couple of months, City staff has met with representatives from Republic Services in order to negotiate the terms of the extension following Council's discussion on this matter during their pre-budget work session.

- 1. Both parties wish to exercise both two-year extensions now, thereby extending the agreement for a total of four (4) years.
- 2. The monthly per unit rate will be increased \$1.46 on July 1, 2018 to \$10.00 per month. Monthly rental rates for the 96-gallon waste container will remain the same.
- 3. The inflationary index that will be utilized to calculate annual changes to the non-fuel portion of the contract will be changed to utilize the water, sewer and trash (WST) index. This will transition the annual consideration of rates to a more relevant index. The City negotiated a cap of 3% to any annual increase.
- 4. The fuel portion of the rate will be reset to the original amount of \$1.50. The index used to adjust this portion of the rate will remain the same, but annual changes to this portion will only be considered when there is a change in the diesel fuel price index of greater than \$0.70 in either direction.
- 5. Refuse collection will change from a 4-day schedule to a 5-day schedule. Republic Services will be responsible for communicating any schedule changes to customers.

Additional details on proposed changes to the contract are contained in the extension letter from Republic Services that is provided for Council with this communication.

Recommended Action

It is recommended that City Council approve the extension of the refuse removal contract with Republic Services for a total of four years with the contract modifications as presented.

Re: City of Cadillac Services Agreement – Refuse, Recycling & Yard Waste; Extension

Republic Services is proud to have maintained the confidence of the City of Cadillac by providing safe, reliable and friendly collection services during the last fifteen (15) years.

You will find before you today the details of the negotiation between Republic Services and the City's staff for the four (4) year extension of the Refuse, Recycling and Yard Waste Services agreement for your discussion, guidance and anticipated approval. This extension between Republic Services and the City of Cadillac is permitted within the current agreement and explained in detail in the "Advertisement For Proposal" document issued in 2013 on (Pg. 12), under the heading Length of Contract. *1

Prior to discussing the details of the negotiated extension, I would like to begin by demonstrating the effectiveness in which Republic Services has worked to protect the City from increasing costs through operational efficiencies. One quick glace below at the rates will demonstrate that protection by the comparison of the 2003 rates when Republic Services first began services within the City and todays rates 15-years later.

- 2003 Republic invoiced the City @ \$8.07 per home, per month
- 2018 Republic invoices the City @ \$8.54 per home, per month

Republic Services is requesting three modifications as part of the extension agreement. Each one of these items has been vetted and explained in detail through the City staff. We can assure the council members that each item is necessary and best suited for the continued success of the City's program during the next 4-years.

- 1) Republic Services has proposed the rerouting of the city's waste and yard waste collection zones from four days to five. This change is necessary because;
 - Michigan Department of Transportation has reduced the labor ready hours available for our CDL drivers
 - The 5-day routing will achieves route efficiencies, which are not possible within the current 4-days system, allowing for reduced operational costs.
 - The City's "no volume limits on trash" requirement entails manual collection resulting in increases truck & labor time.

- 2) Republic Services is requiring a modification to the language contained in the agreement that describes the annual index for rate adjustment.
 - The current referenced index is the "CPI" *2 (Consumer Price Index)
 - Republic Services has demonstrated why the WST CPI (Water Sewer, Trash Index) which is a subcategory of the CPI should be used in reference to the solid waste industry for rate adjustments.
 - The City negotiated a clause that caps the annual adjustment by stating it shall not exceed 3%.
- 3) Republic Services is in need of a price adjustment of \$1.75 from the current unit pricing of \$8.54. However the city & Republic Services have agreed to phase in this increase over two years, ie. \$1.46 year #1 and \$0.29 year #2.
 - The specified CPI index in the agreement has not allowed the contract rates to adjust to a sustainable or durable level creating a deficiency in program.
 - Republic Services costs of Replacement Fleet, Maintenance, Employee Training and Employee Benefits have increase substantially.
- 4) In Summary: The City of Cadillac has been presented with a City Services renewal agreement to include: A four (4) year term extension with rate adjustments pursuant to items 2 and 3 above. In addition the fuel portion of the monthly rate will be reset to \$1.50 per unit per month. The fuel portion index adjustment procedure will remain the same, except that this portion of the rate will only change when there is a change in the index of greater than \$0.70. The applied rate adjustment will only be calculated on the change of the index in excess of \$0.70. As indicated above, the *Waste Sewer Trash* portion of CPI index and most importantly a route adjustment from four days to five days of collection will be included as of the renewal date of July 1, 2018.
 - The ability to optimize the route days from four to five days has allowed Republic Services to reduce the necessary adjustment from \$3.00 to \$1.75.

Republic Services is honored to be the City of Cadillac's trusted partner. We ask that a motion of the council be brought forward with a vote to extend the contract as outlined above in this letter. With that vote and though the act of providing your signatures below it is authorize of behalf of the City Cadillac to enter into an extension four years.

MEETING MINUTES CADILLAC PLANNING COMMISSION February 26, 2018 6:00 P.M.

CALL TO ORDER

Chairman Putvin called the meeting to order at 6:00 p.m.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was recited.

ROLL CALL

MEMBERS PRESENT: Fent, Putvin, Bunce, Smith, Gregg, and Baumann

STAFF PRESENT: Wallace & Coy

APPROVAL OF AGENDA

Motion by Fent, supported by Smith to approve the February 26, 2018 meeting agenda. The motion unanimously was approved.

APPROVAL OF PLANNING COMMISSION MINUTES

Motion by Baumann, supported by Bunce to approve the February 12, 2018 Special Meeting Minutes with no corrections needed. The motion unanimously was approved.

PUBLIC HEARINGS

Public hearing on the Rezoning Application from Cainen Gilde, HeyHun Holdings, LLC at 838 North Mitchell Street to rezone a lot behind 838 N. Mitchell Street from R-3 Single Family Residential to B-3 General Business. Mr. Gilde was present.

Putvin turned the meeting over to Coy who prepared the staff report. Coy using a power point presentation went through the details in the staff report. He explained that there are three lots on the site. Two of which are zoned B-3 General Business and the third lot on the east is zoned R-3 Single Family Residential. The lots zoned B-3 abut North Mitchell Street. He added that the lot zoned R-3 is almost entirely covered with asphalt. The lot has been used for commercial purposes for decades and the applicant recently had the property surveyed which showed a small portion of the current building is built onto the lot zoned R-3.

Coy added that because Mr. Gilde does not own the property yet that a requirement of the application is that Mike Johnson the current owner also signed the rezoning application.

He explained that the company Mr. Gilde wishes to purchase a hardware franchise from requires a minimum of 10,000 square feet of floor space for product display. Also there is a need for an

office, restrooms, and warehouse space. This requires expanding the current building which is 9,000 square feet in size. He also added that the street to the north is North Simons which deadends at the Clam River. There are five homes on the street and a couple of them are rentals. Mr. Gilde has met the neighbor to the east and they've talked about trimming overgrown brush and trees.

Coy said that there were two public notices in accordance with the Michigan Zoning Enabling Act. One 15 days prior the Zoning Board of Appeals (ZBA) meeting and one 15 days prior to this meeting. The only written correspondence is a letter of support from the Downtown Development Authority. Coy added that the manager of the convenience store to the south contacted him on behalf of the owner and when she saw the concept her response was that Mr. Gilde's plan would be a positive improvement to the neighborhood. City Manager Marcus Peccia was unable to attend this meeting and he sent a memo of support to the Planning Commission.

Coy concluded with comments which included the ZBA's variance approval at their February meeting to expand the building which would use up to 42 percent of the combined three properties total square footage of 30,900 square feet. Also the ZBA added a condition in their approval that the nonconforming pole sign near the sidewalk on Mitchell Street will need to be either removed or moved to a location where it would be conforming to the sign ordinance.

Coy added that the most recent traffic count by MDOT for North Mitchell Street in this area is 16,282 vehicles daily. He added that he feels this site is underutilized and its current condition is an eyesore. North Mitchell Street is part of Cadillac's commercial corridor.

Putvin asked if any other approval is needed. Coy answered no. The final site plan and building specifications will be reviewed by staff.

Smith asked a question about parking on the east side and where delivery trucks will park. Gilde answered that the final plan for receiving doors is not completed but there may be receiving doors on both the south and north side. There is ample room on the south side for a truck to back in.

Putvin asked Mr. Gilde about the franchise process. He answered that the complete application process can take up to two years and is not finalized. Having all the local zoning approvals is one of the criteria.

Fent commented about the condition of the current building and that the concept is a needed improvement. Bunce added that he would like to have a hardware store in town for convenience.

Putvin asked if there was any Public Comment or if anyone wished to speak and there were none.

Smith asked a question about the propane tank filling station. Gilde explained that there will be no heat source at the location and it will be away from the building. Coy added that all plans must be approved by the Fire Marshal before an occupancy permit will be issued.

Smith also asked if a condition for this rezoning is needed to require removal of the pole sign. Coy answered no, as that was already a condition included in the variance approved by the ZBA. Coy added that MDOT approval will be needed for a new curb cut onto N. Mitchell Street. There were no other comments.

Motion by Baumann making a recommendation to City Council to allow for the rezoning of the lot immediately east of 838 N. Mitchell Street from R-3 Single Family Residential, to B-3 General Business as presented by staff. Support by Bunce. On a roll call vote the motion passed unanimously.

Minutes Downtown Development Authority (DDA) Business Improvement District (BID) Board

Regular Meeting February 28, 2018

A regular meeting of the Cadillac Downtown Development Authority (DDA) and Business Improvement District (BID) Board was held on Wednesday, February 28, 2018 in the Municipal Complex Conference Room, 200 N. Lake St., Cadillac, Michigan.

MEMBERS PRESENT: Barnes, Bosscher, Cinco, Coffey, Crawley, LeVand, Peccia, C. Schultz

STAFF PRESENT: Payne, Wallace, Coy, Cornell

CALL TO ORDER Meeting was called to order by Chairman LeVand at 7:30 a.m.

MINUTES/REPORTS

Motion by Crawley, seconded by Coffey to approve the minutes of the January 31, 2018 meeting. Motion passed unanimously.

Peccia presented the Treasurer's Report. LeVand requested that Owen Roberts be asked to give a presentation at next month's meeting as to DDA available funds for this fiscal year. LeVand asked about the potential of the current downtown projects to generate more funds for the DDA budget. Peccia said ultimately they will result in a significant greater capture by the DDA. Motion by Coffey, seconded by Barnes to approve the Treasurer's report. Motion passed unanimously.

COMMITTEE REPORT/UPDATES

Parking Lot and Streetscape committees met. Parking Lot committee discussed possibility of adding overnight parking in the 20 space lot south of the MDEQ building. Coy has spoken with adjoining property owners and there were no issues raised with adding two spaces for overnight parking in that lot.

Streetscape committee met on February 14th. The MCSA Group was brought in and they discussed several of their streetscape projects throughout the years and their experiences in what has worked and the longevity of the different materials used. They spoke of what they attempt to achieve in terms of the right blend of materials and creating vertical elements in the downtown in terms of design features. They arrived at generalized costs, which would be approximately \$350-\$375,000 per block phase, one side of the street.

Administrative Committee – A meeting will be set up to further discuss expanding the DDA boundary.

Wayfinding Committee – Committee has not yet met, but there is an effort through the Big Ideas Group to develop a project to install generic entry to Cadillac area signs at one or two locations.

OLD BUSINESS –

Flower Baskets. The worksite agreement of Hope Network for watering services for the flower baskets was reviewed. Cost has increased in relation to employee wage increase and the addition of five baskets along Elk Avenue and anticipated extra trips for watering. Fertilizing twice a week rather than once a week will be done and City staff member Jim Givens will set up the fertilizer mix and schedule.

Motion by Schultz and seconded by Barnes to approve the Hope Network Worksite Agreement at the

maximum cost as presented, with a possible adjustment for cost reduction after discussion with Hope Network about anticipated extra trips due to added baskets along Elk Avenue. Motion passed unanimously.

Update on north/south proposed routes. Discussion continues on possible routes through the Industrial Park (Sixth Avenue) which would allow a new truck route and better traffic flow and routing by the hospital area to create more pronounced entryways into the medical area, including extending South Street onto Evart Street, which would eliminate the deficiencies in the Cobb Street ingress and egress to the hospital/office area.

Update on the Market Place and Trailhead. Materials have been delivered to the Market Place site. The goal is for a summer ribbon cutting. Amvets and After 26 have been contacted regarding the site plan so they are aware of the schedule and how the parking would be impacted, and they will also receive periodic progress updates. Trailhead. We have not yet received a formal grant agreement from the State but have been notified that the project scored high enough to get the award. A letter has been received that states we can start incurring some costs (engineering/design). Everything is subject to the governor signing the appropriation to release the funds. Matching local funds are also required. The original routing followed the railroad right-of-way behind the library. We were advised through the State that that was one of the reasons the grant was denied over a year ago. They advised to re-route it to go across Lake Street and it could be built in a buffer zone between the lake and the sidewalk, providing a safer, more open and scenic route.

NEW BUSINESS

Rent-A-Gardener estimate for planting annuals at The Plaza. Proposal submitted in the amount of \$2,009 for the installation and maintenance of the six planters that flank the fireplace, as well as irrigation maintenance. LeVand clarified for board members that this proposal is in addition to the other contract with Rent-A-Gardener for the other planters. Bosscher asked if the DDA is required, either from a legal or fiduciary standpoint, to receive other bids/estimates. Peccia stated the proposal was well within the administrative spending authority of \$7500. Anything over that would require either a waiver or competitive bids. LeVand asked if anyone else locally has requested an opportunity to be involved and Wallace said no one has expressed an interest. The current contract with Rent-A-Gardener is for 3 years; next year it would be opened back up again. Motion by Cinco, seconded by Barnes to accept the proposal of \$2009. Motion passed unanimously.

Rent-A-Gardener estimate for construction of four raised planters with seating in The Plaza.

Proposal submitted in the amount of \$6959.00 for construction of the planters with seating. They would be designed to match the materials of the dumpster enclosure (black metal, cedar planking). Ken Payne, Street Superintendent, thought we could design the seating to be three season, to be removed and stored so as to not interfere with snowplowing activities. Schultz asked about maintenance of the red cedar. Payne said the dumpster enclosure has been hold up very well. It was suggested that we start with one bench on either side, get through a cycle of events and decide how to proceed from there. Peccia and Wallace stated that nothing has to be decided by the DDA board at this moment; this is being presented to simply get a motion of support of the concept itself. Funds for this project have not yet been identified. Motion by Coffey, seconded by Schultz to support the concept of this proposal. Motion passed, with one vote against from Barnes.

Interlocal Agreement – 412 S. Mitchell Street (Better Bodies building). A memo from Mac McClelland of Otwell Mawby, P.C. was presented to the DDA board. It stipulated the terms of the interlocal agreement which, in effect, freezes the incremental tax during the period of time that the reimbursements are occurring with those reimbursements going to the Brownfield Authority, then back to the developer, and ultimately getting the property back on the tax roll.

Barnes asked what the plan was for this property to justify doing an interlocal agreement. Peccia said that the property had been off the tax roll because it was in foreclosure. Even in a worst case scenario, if all that happens is demolition of the building and making the lot buildable, the DDA has gained over having what we have now (condemned building on an unbuildable lot). With the property now out of foreclosure (as of around the first of the year) we would be collecting something versus nothing when it was in foreclosure.

Motion by Cinco, seconded by Coffey to approve the Interlocal Agreement between DDA and CBRA regarding property located at 412 S. Mitchell Street. Motion passed unanimously.

Minutes Downtown Development Authority (DDA) Business Improvement District (BID) Board

Regular Meeting April 25, 2018

A regular meeting of the Cadillac Downtown Development Authority (DDA) and Business Improvement District (BID) Board was held on Wednesday, April 25, 2018 in the Municipal Complex Conference Room, 200 N. Lake St., Cadillac, Michigan.

MEMBERS PRESENT: Barnes, Bosscher, Coffey, Crawley, Gaunt, Huckle, LeVand, Peccia

STAFF PRESENT: Wallace, Roberts, Coy, Cornell

GUEST: Mac McClelland, CBRA Consultant, Otwell Mawby, P.C.

CALL TO ORDER Meeting was called to order by Chairman LeVand at 7:30 a.m.

MINUTES/REPORTS

Motion by Crawley, seconded by Coffey to approve the minutes of the February 28, 2018 meeting. Motion passed unanimously.

Peccia presented the Treasurer's Report. Motion by Coffey, seconded by Barnes to approve the Treasurer's report. Motion passed unanimously.

COMMITTEE REPORT/UPDATES

No updates at this time. Meetings for Administrative and Parking subcommittees will be scheduled soon.

Wallace reported on the status of the Cadillac Lofts project. Rezoning application has been received to rezone the property to MPUD; plans presented for 72 apartment units as well as over 18,000 sq. ft. in commercial space on the first floor of two L-shaped buildings close to Mitchell Street frontage. Planning Commission recommended approval to Council. LeVand asked about public parking. Peccia said there will be private parking available for public use, as well as additional on-street parking along Cass and Chapin Streets. Public parking on-site, as far as is known at this time, is not going to be under public control; it will still be a private lot but this may be subject to change.

<u>OLD BUSINESS</u> – None on agenda, but LeVand asked if there was an update on the Raven application for façade grant. Wallace will check and see if this is still needed since they have requested assistance in the form of Brownfield financing.

NEW BUSINESS -

FINANCIAL PRESENTATION: Owen Roberts, Director of Finance, gave an overview of the options the DDA has for their financing. He distributed information on the 2018-2019 Annual Operating Budget for the DDA Operating Fund, Capital Projects Fund, and Auto Parking Fund. He spoke of Tax Increment Financing (TIF) and explained that when a TIF plan is approved, that sets a base value. All of the taxes on the base value continue to go to the jurisdiction that it did at the time that the plan was established. For fiscal year 2019, tax revenue is based on where property values were on December 31, 2017. Projects happening now will not show up in a taxable value until a year from now, which impacts the fiscal year 2020 budget. Also affecting the values is the personal property tax reform, causing lost money on the small taxpayer exemption (cash value of personal property \$80,000 or less), although we are now getting partially reimbursed.

The Operating Fund has never had any reserves; not much flexibility for providing additional revenue. In the Capital Projects Fund, where the captured taxes go, there are reserves in the amount of approximately \$60,000 that could be spent in accordance with the TIF plan. In the Auto Parking Fund for the current year, there was more money budgeted to accommodate additional maintenance in the Plaza. The reserves in this fund must be spent in the parking system (new lots, resurfacing, specific sidewalks that abut or connect to parking lots). LeVand asked if the money in this fund could be used for acquiring property for parking lots and Owen said it could. Owen stated that any specific trouble spots in parking lots be reported to Wallace.

Wallace asked if there was money available for brick repair on Mitchell Street; Owen said there is and asked that specific problem areas be reported so they could be taken care of.

Board members had no questions and expressed appreciation for this presentation.

LeVand mentioned the width of the sidewalk by the pocket park and Bosscher added that through the pocket park is never shoveled. Owen will address this. One possibility is to contact the Sheriff's office regarding any work crews that might be available.

Wallace reported the need to have Allison from Rent-A-Gardener remove the plant material from the Clock Tower site due to the Cadillac Lofts project. Any money that was going to be spent on maintenance of the Clock Tower site could possibly be used on the pocket park. Doreen Lanc of the Community Foundation is aware of a group that would like to adopt the pocket park. We need to start talking about what kind of contract we want to enter into when our contract with Rent-A-Gardener ends after this summer.

Wallace mentioned the seating planters in the Plaza and said that Allison took this to Kiwanis and he believes they are interested in taking on this project.

INTERLOCAL AGREEMENTS FOR LAKESIDE ACE HARDWARE AND THE RAVEN RESTAURANT:

Mac McClelland of Otwell Mawby, stated that the underutilized former site of the Hostess outlet property is the proposed site for an Ace Hardware building. There will be some small environmental costs and lead and asbestos abatement demolition on the site and curb cuts redone. It appears that depending on what the taxable value is, it will be approximately a 12-year payback.

The Raven project experienced expenditures for sewer and water improvements.

LeVand asked if the Brownfield monies are given back to the developers or as an abatement on their taxes until it is paid off. Mac said they pay the same amount of taxes. They are reimbursed for those approved eligible and documented expenses.

Bosscher asked who pays Otwell Mawby. Mac stated that he is the Brownfield consultant for the City (on contract) and the Brownfield Authority pays Otwell Mawby to prepare Brownfield plans and move them through the process. His expenses are reimbursable and the first position of the taxes is to reimburse the Brownfield Authority for his costs. Peccia added that the DDA Authority, as an agency of the City, has the ability to enter into contracts and agreements for services. The Brownfield Authority is the same.

Motion by Huckle to accept the Interlocal Agreement for Lakeside Ace Hardware, seconded by Coffey. Passed unanimously.

Motion by Huckle to accept the Interlocal Agreement for Raven restaurant, seconded by Crawley. Passed unanimously.

FLOWER BASKET DONATIONS UPDATE: Donations are at \$5,071.00. Thank you letters have been sent to all contributors.

COMMUNICATIONS/OTHER ITEMS –

PARKING ON E. PINE STREET: Coy said that he and Ken Payne, as well as Eric Eller, Police Captain, have discussed this situation. Signs will be placed on both north and south sides of E. Pine Street, advising that parking is for midsize and smaller passenger cars only and also indicating the availability of additional parking nearby.

Huckle asked that the portable speed sign be placed back on Mitchell Street to calm the traffic. This will be relayed to Eric Eller.

Coffey mentioned that there is no nearby water supply for the pocket park. Wallace will check with adjacent building owner for assistance. Secondary source would be to try to teach the volunteer group to access our water cart.

Wallace stated that we have received another \$15,000 grant for the Trailhead project. By September we have to do the trail extension, so the design is moving forward on this. We expect part of the project to be done this year and the Trailhead next year. The granting agency recommended that we add some bike racks. There will be some bike racks in the Plaza area and out on Mitchell Street by September. The final vendor selection for the bike racks will be done in the next week or two.

Crawley commented on the previous discussion regarding Kiwanis taking on the seating planter project in the Plaza. He is on the Kiwanis board. After the last DDA meeting, he had tried to reach out to Allison of Rent-A-Gardener, but was unsuccessful. He did talk with Allison's daughter, who is in Kiwanis, about getting a price, but never heard back and now Kiwanis has gone with another project.

PUBLIC COMMENTS – None.
