

Firefighter Written Exam Scores  
September 10, 2014

The scores for the written exam administered on September 10, 2014 are listed below. Please locate your score using your unique identification number.

**Please make note of the following:**

Only scores of 70 or higher are invited to continue in the process of establishing an eligibility list. The next step is a Physical Agility Test that is simply a pass/fail, followed by a graded Oral Exam. The Oral Exam has the potential of significantly impacting a candidate's final composite score. A grade of 70 or higher is also necessary on the Oral Exam for a candidate to receive further consideration.

It is therefore of great importance for each remaining candidate to continue with the process. The eligibility list is valid for 2 years, pending a need for depletion within that timeframe. There are only 12 candidates competing for placement and positioning on that list at this time.

Please see the Civil Service Commission Rules and Regulation as well as the Physical Agility Exercise Manual once again posted on the website for your reference.
